**Oregon Department of Transportation
LOCAL AGENCY CERTIFICATION PROGRAM
Supplemental Project Agreement No. 32760
City of Portland Safety Project**

THIS SUPPLEMENTAL PROJECT AGREEMENT (Agreement) is made and entered into by and between THE STATE OF OREGON, acting by and through its Department of Transportation, hereinafter referred to as "State" or "ODOT," and the CITY OF PORTLAND acting by and through its elected officials, hereinafter referred to as "Agency," both herein referred to individually as "Party" or collectively as "Parties."

RECITALS

1. By the authority granted in Local Agency Certification Program Agreement No. 30890, executed on September 18, 2015 (Local Agency Certification Program Agreement) incorporated herein and by this reference made a part hereof, State may enter into this Supplemental Project Agreement with Agency for the performance of work on this improvement project. The Certification Program allows State to certify a Local Agency's procedures and delegates authority to the certified Local Agency to administer federal-aid projects.
2. Certification status information as of the date of execution of this Agreement:
 - a. Agency is fully certified in the following functional areas:
 - consultant selection (direct appoint process)
 - design (excluding bridge design)
 - "advertise, bid, and award" for construction contracts
 - construction contract administration
 - b. Agency is conditionally certified in the following functional areas:
 - consultant selection (formal and informal processes)
 - bridge design
 - c. Agency has completed or is in the process of completing the number of test project(s) required by ODOT for the Agency to become fully certified in the following functional areas:
 - consultant selection (formal and informal processes)
 - bridge design

The Parties are in the process of assessing the Agency's test project(s) and required program documents to transition the Agency from conditional to full certification for the functional areas listed in this subsection, and anticipate a successful transition. Therefore, the project described in this Agreement is not one of the test project(s) described in the Local Agency Certification Program Agreement for the functional areas listed in this subsection.

- d. Agency has had its Americans with Disabilities Act (ADA)-related design exception and curb ramp inspection processes reviewed and approved by ODOT and FHWA for use on federally funded projects.
3. The subject project in this Agreement covers multiple streets that are a part of the Agency's street system under the jurisdiction and control of Agency.
4. The project was selected as a part of the All Roads Transportation Safety (ARTS) and may include a combination of federal and state funds.

NOW THEREFORE, the premises being in general as stated in the foregoing Recitals, it is agreed by and between the Parties hereto as follows:

TERMS OF AGREEMENT

1. Under such authority, State and Agency agree to Agency delivering the City of Portland Safety Project, hereinafter referred to as "Project." Project includes a number of improvements across multiple locations as further described in Exhibit A attached hereto, and by this reference made a part hereof. The locations of the Project are shown on the sketch map attached in Exhibit A.
2. The total Project cost is estimated at \$7,286,750, which is subject to change. Federal funds for this Project shall be limited to \$6,719,840.85. Agency shall be responsible for all remaining costs, including any non-participating costs, all costs in excess of federal and state funds, and the 7.78 percent match for all eligible costs. If Project costs exceed the total Project cost estimate, State may work with Agency to decrease the scope of the Project or pursue additional sources of funds. If scope is reduced, State may decrease the amount of federal funds available to the Project. Any unused federal or state funds obligated to the Project will not be paid out by State and will not be available for use by Agency for this Agreement or any other projects. "Total Project Cost" means the estimated cost to complete the entire Project, and includes any federal funds, state funds, local matching funds, and any other funds. Agency will report the final cost of each phase of the Project at the completion of each phase, as well as the Total Project Cost at the end of the Project, to the State's Regional Local Agency Liaison.
3. Federal funds under this Agreement are provided under Title 23, United States Code.

4. If State performs work on the Project, State will provide Agency with a preliminary estimate for the cost of State's work. Prior to the start of each Project phase, State will provide an updated estimate of State's costs from that phase to Agency. Such phases generally consist of Preliminary Engineering, Right of Way, Utility, and Construction. Agency understands that State's costs are estimates only and agrees to reimburse State for actual cost incurred per the Terms of this Agreement.
5. Agency shall make all payments for work performed on the Project, including all construction costs, and invoice State for one-hundred (100%) percent of its costs. State shall reimburse Agency invoices at the pro-rated federal share of 92.22 percent. All costs beyond the federal and state reimbursement and any non-participating costs are the responsibility of the Agency, and will not be reimbursed by State. State shall invoice Federal Highway Administration (FHWA) and Agency for work provided as part of the Project. Agency agrees to reimburse State for work performed for the project upon receipt of invoice. Failure of Agency to make such payments to State may result in withholding of Agency's proportional allocation of State Highway Trust Funds until such costs are paid. Agency understands that State's costs are estimates only and agrees to reimburse State for the actual amount expended.
6. Agency guarantees the availability of Agency funding in an amount required to fully fund Agency's share of the Project.
7. This Agreement is subject to the terms and provisions of the Local Agency Certification Program Agreement.
8. Information required by 2 CFR 200.331(a)(1) shall be contained in the USDOT FHWA Federal Aid Project Agreement for this Project, a copy of which shall be provided by State to Agency with the Notice to Proceed.
9. Indirect Cost Rate.
 - a. As required by 2 CFR 200.331(a)(4), the indirect cost rate(s) for this project at the time the agreement is written is 76.76%. This rate may change during the term of this Agreement upon notice to ODOT and ODOT's subsequent written approval.
 - b. If the approved rate(s) change(s) during the term of this Agreement, Agency shall invoice ODOT using the current indirect cost rate(s) for the project on file with ODOT at the time the work is performed. If Agency does not have approved indirect cost rate(s) on file with ODOT at the time the work is performed, Agency shall invoice ODOT using a zero percent (0%) rate.
10. Agency Work on this Project:
 - a. Agency shall perform the following functional areas in which Agency is fully certified and as authorized by the Local Agency Certification Program Agreement:

- consultant selection (direct appoint process)
 - design (excluding bridge design)
 - “advertise, bid, and award” the construction contract
 - construction contract administration
- b. While Agency is in the process of transitioning from conditional to full certification, by the terms of this Agreement and for only this Project, Agency is authorized and shall perform as if fully certified in the following functional areas:
- consultant selection (formal and informal process)
 - bridge design

Agency understands that this Project is subject to the terms and conditions of the Local Agency Certification Program Agreement and may also be subject to the terms of a corrective action plan and increased monitoring if ODOT's evaluation of Agency's test project(s) or program documents identifies the need for corrective action.

11. RESERVED

12. State will submit the requests for federal funding to the FHWA. The federal funding for this Project is contingent upon approval of each funding request by FHWA. Any work performed outside the period of performance and scope of work approved by FHWA will be considered nonparticipating and paid for at Agency expense.

13. State's Regional Local Agency Liaison or designee will provide Agency with a written notice to proceed for each phase of the Project when FHWA approval has been secured and funds are available for expenditure on this Project.

14. State considers Agency a subrecipient of the federal funds it receives as reimbursement under this Agreement. The Catalog of Federal Domestic Assistance (CFDA) number and title for this Project is 20.205, Highway Planning and Construction.

15. The term of this Agreement shall begin on the date all required signatures are obtained and shall terminate upon completion of the Project and final payment or ten (10) calendar years following the date all required signatures are obtained, whichever is sooner.

16. RESERVED.

17. If Agency fails to meet the requirements of this Agreement or the underlying federal regulations, State may withhold the Agency's proportional share of Highway Fund distribution necessary to reimburse State for costs incurred by such Agency breach.

18. State may conduct periodic inspections during the useful life of the Project to verify that Project is being properly maintained and continues to serve the purpose for which federal funds were provided.
19. State and Agency Agree that the useful life of the Project is 20 years.
20. By signing this Agreement, Agency agrees to comply with the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and is subject to the following award terms: <http://edocket.access.gpo.gov/2010/pdf/2010-22705.pdf> and <http://edocket.access.gpo.gov/2010/pdf/2010-22706.pdf>. If, in the preceding fiscal year, Agency received more than 80% of its gross revenues from the federal government, those federal funds exceed \$25,000,000 annually, and the public does not have access to information about the compensation of executives through reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 or section 6104 of the Internal Revenue Code of 1986, Agency shall report the total compensation and names of its top five executives to State. Agency shall report said information to State within 14 calendar days of execution of this Agreement and annually thereafter, utilizing the FFATA form attached hereto as Exhibit "C".

21. **Americans with Disabilities Act Compliance:**

- a. **General:** Agency agrees to comply with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 as amended (together, "ADA") as identified in paragraph 1 of the **General Provisions** section of the Local Agency Certification Program Agreement.
- b. **ADA Design Standards and Construction Specifications:** Agency agrees to comply with the design and construction standards and the design exception documentation and approval requirements agreed to in the **Standards** section of the Local Agency Certification Program Agreement. In addition, with respect to ADA-related design standards, design exception approvals, construction specifications, and inspections, Agency agrees to comply with the following:
 - i. For project locations on or along the Oregon State Highway System (state highway), Agency shall apply ODOT's current ADA-related design standards, construction specifications, and design exception documentation and approval requirements for design, modification, upgrade, or construction of Project sidewalks, curb ramps, and pedestrian-activated signals , as applicable to the Project, including using the ODOT Highway Design Manual, ODOT Design Exception process, ODOT Standard Drawings, ODOT Construction Specifications, and current ODOT Curb Ramp Inspection form. Agency further agrees to utilize ODOT standards to assess and ensure Project compliance with the ADA, and to document ramp inspections per subsection (c.)(i.) below. Design exceptions on State-owned facilities must be approved by State. For project locations on or along State-owned portions of the National Highway System ("NHS") design exceptions must be approved by State and/or FHWA.

- ii. For project locations **not** on or along a state highway, including locally-owned portions of the NHS, Agency shall apply its own ADA-compliant design standards, construction specifications, design exception documentation and approval process, and inspection documentation process, as approved by State and FHWA for use on federally funded projects.
- c. **ADA Inspection Forms:** Prior to issuing the Second Notification, per Oregon Standard Specification 00180.50(g) or Agency's approved equivalent, Agency agrees to submit to State the following:
 - i. For all curb ramps designed, constructed, upgraded, or modified for this Project on or along a state highway, submit completed ODOT Curb Ramp Inspection Form 734-5020 to the address on the form as well as to State's Regional Local Agency Liaison. The completed form is the required documentation from Agency that each curb ramp meets ODOT standards and is ADA compliant. ODOT's fillable Curb Ramp Inspection Form 734-5020 and instructions are available at the following website:
<http://www.oregon.gov/ODOT/HWY/CONSTRUCTION/Pages/HwyConstForms1.aspx>
 - ii. For all curb ramps not located on or along a state highway, Agency shall complete and keep on file Agency's ODOT- and FHWA-approved ADA curb ramp inspection form (or other approved document) to show that each Project curb ramp meets Agency's curb ramp standards and is ADA compliant or conforms to Agency's approved ADA design exception
- d. **State inspection:** Agency shall promptly notify State of Project completion and allow State to inspect Project sidewalks, curb ramps, and pedestrian-activated signals, as applicable to the Project, located on or along the a state highway prior to acceptance of Project by Agency and prior to release of any Agency contractor
- e. **Work Zone Access:** Agency shall ensure that temporary pedestrian routes are provided through or around any Project work zone. Any such temporary pedestrian route shall include directional and informational signs, comply with ODOT standards, and include accessibility features equal to or better than the features present in the existing pedestrian facility. Agency shall also ensure that advance notice of any temporary pedestrian route is provided in accessible format to the public, people with disabilities, and disability organizations at least 10 days prior to the start of construction.
- f. **Reimbursement:** Unless Agency has an approved design exception, State will only reimburse Agency for work that meets the applicable ODOT or Agency standards as set forth in subsections (a) through (c) above, regardless of whether the work is on a State-owned or an Agency-owned facility.

- g. **On-going Maintenance Obligation:** Agency shall ensure that any portions of the Project under Agency's maintenance jurisdiction are maintained in compliance with the ADA throughout the useful life of the Project. This includes, but is not limited to, Agency ensuring that:
- i. Pedestrian access is maintained as required by the ADA,
 - ii. Any complaints received by Agency identifying sidewalk, curb ramp, or pedestrian-activated signal safety access issues are promptly evaluated and addressed,
 - iii. Any repairs or removal of obstructions needed to maintain Project features in compliance with the ADA requirements that were in effect at the time of Project construction are completed by Agency or abutting property owner pursuant to applicable local code provisions,
 - iv. Any future alteration work on the Project or Project features during the useful life of the Project complies with the ADA requirements in effect at the time the future alteration work is performed, and
 - v. Applicable permitting and regulatory actions are consistent with ADA requirements.
- h. **Survival:** Maintenance obligations in this section shall survive termination of this Agreement.
22. Agency shall ensure compliance with the Cargo Preference Act and implementing regulations (46 CFR Part 381) for use of United States-flag ocean vessels transporting materials or equipment acquired specifically for the Project. Strict compliance is required, including but not limited to the clauses in 46 CFR 381.7(a) and (b) which are incorporated by reference. Agency shall also include this requirement in all contracts and ensure that contractors include the requirement in their subcontracts.
23. To the fullest extent permitted by law, and except to the extent otherwise void under ORS 30.140, Agency shall require its contractor(s) and subcontractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon, Oregon Transportation Commission and its members, Department of Transportation and its officers, employees and agents from and against any and all claims, actions, liabilities, damages, losses, or expenses, including attorneys' fees, arising from a tort, as now or hereafter defined in ORS 30.260 (hereinafter, referred to individually and collectively as "Claims"), to the extent such Claims are caused, or alleged to be caused by the negligent or willful acts or omissions of Agency's contractor or any of the officers, agents, employees or subcontractors of the contractor. It is the specific intention of the Parties that State shall, in all instances, except to the extent Claims arise from the

negligent or willful acts or omissions of State, be indemnified for all Claims caused or alleged to be caused by the contractor or subcontractor.

24. Any such indemnification shall also provide that neither Agency's contractor and subcontractor nor any attorney engaged by Agency's contractor and subcontractor shall defend any claim in the name of the State of Oregon or any agency of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without the prior written consent of the Oregon Attorney General. The State of Oregon may, at anytime at its election assume its own defense and settlement in the event that it determines that Agency's contractor is prohibited from defending the State of Oregon, or that Agency's contractor is not adequately defending the State of Oregon's interests, or that an important governmental principle is at issue or that it is in the best interests of the State of Oregon to do so. The State of Oregon reserves all rights to pursue claims it may have against Agency's contractor if the State of Oregon elects to assume its own defense.
25. This Agreement may be terminated by mutual written consent of both Parties.
26. State may terminate this Agreement effective upon delivery of written notice to Agency, or at such later date as may be established by State, under any of the following conditions:
- a. If Agency fails to provide services called for by this Agreement within the time specified herein or any extension thereof.
 - b. If Agency fails to perform any of the other provisions of this Agreement, or so fails to pursue the work as to endanger performance of this Agreement in accordance with its terms, and after receipt of written notice from State fails to correct such failures within ten (10) days or such longer period as State may authorize.
 - c. If Agency fails to provide payment of its share of the cost of the Project.
 - d. If State fails to receive funding, appropriations, limitations or other expenditure authority sufficient to allow State, in the exercise of its reasonable administrative discretion, to continue to make payments for performance of this Agreement.
 - e. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or if State is prohibited from paying for such work from the planned funding source.
27. Any termination of this Agreement shall not extinguish or prejudice any rights or obligations accrued to the Parties prior to termination.

28. The rights and obligations set out in **Paragraphs 17-18, 21.g-h, 23-24, 27-28, 30-32** shall survive Agreement expiration or termination, as well as any provisions of this Agreement that by their context are intended to survive.
29. Agency must submit all change requests to State's Regional Local Liaison using a Project Change Request (PCR) form. The current version of the form can be obtained from the State's Liaison. Agency must obtain approval from the Region 1 Traffic Manager for changes to the Project's scope, schedule, or budget by submitting a PCR, as specified in Paragraphs 29a, 29b, and 29c, below. The PCR Form is due no later than thirty (30) days after the need for change becomes known to Agency. The PCR shall explain what change is being requested, the reasons for the change, and any efforts to mitigate the change. A PCR may be rejected at the discretion of State's Region 1 Traffic Engineer. Agency shall be fully responsible for all costs attributable to changes to the established Project scope, schedule or budget made prior to an approved PCR. Amendments to this Agreement are not required for all approved PCRs. Amendments to this Agreement are required if the scope is significantly changed or if the amount of federal funds allocated to the Project is changed.
- a. Scope - A PCR is required for any significant change or reduction in the scope of work described in the Project Description (as described in Exhibit A).
 - b. Schedule— A PCR is required if Agency or State's Contact anticipates that a change in schedule will require amendment of the Statewide Transportation Improvement Program (STIP).
 - c. Budget – The Project's estimated budget is used for determining the level of compensation for completed work. Increases or decreases in the budget which require a STIP amendment also require the submission of a PCR to the State's Regional Local Agency Liaison.
30. Agency, as a recipient of federal funds, pursuant to this Agreement with State, shall assume sole liability for Agency's breach of any federal statutes, rules, program requirements and grant provisions applicable to the federal funds, and shall, upon Agency's breach of any such conditions that requires State to return funds to the FHWA, hold harmless and indemnify State for an amount equal to the funds received under this Agreement; or if legal limitations apply to the indemnification ability of Agency, the indemnification amount shall be the maximum amount of funds available for expenditure, including any available contingency funds or other available non-appropriated funds, up to the amount received under this Agreement.
31. State and Agency hereto agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be invalid, unenforceable, illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be

affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held to be invalid.

32. Agency grants State the right to enter onto Agency right of way for the performance of duties as set forth in this Agreement.
33. Agency certifies and represents that each individual signing this Agreement has been authorized to enter into and execute this Agreement on behalf of Agency, under the direction or approval of its governing body, commission, board, officers, members or representatives, and to legally bind Agency.
34. This Agreement may be executed in several counterparts (facsimile or otherwise) all of which when taken together shall constitute one agreement binding on all Parties, notwithstanding that all Parties are not signatories to the same counterpart. Each copy of this Agreement so executed shall constitute an original.
35. This Agreement and the Local Agency Certification Program (Certification Program) Agreement No. 30890, as amended and all attached exhibits constitutes the entire agreement between the Parties on the subject matter hereof. In the event of conflict, the body of this Agreement and the attached Exhibits will control over Project application and documents provided by Agency to State. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind either party unless in writing and signed by both Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of State to enforce any provision of this Agreement shall not constitute a waiver by State of that or any other provision. Notwithstanding this provision, the Parties may enter into a Right Of Way Services Agreement in furtherance of the Project.
36. State's Regional Local Agency Liaison for this Agreement is Justin Bernt, 123 NW Flanders Street, Portland, OR 97209, 503-731-3016, Justin.j.bernt@odot.state.or.us, or assigned designee upon individual's absence. State shall notify the other Party in writing of any contact information changes during the term of this Agreement.
37. Agency's Project Liaison for this Agreement is Gabe Graff, 1120 SW 5th Ave, Room 800, Portland, OR 97204, 503-823-5291, Gabriel.graff@portlandoregon.gov, or assigned designee upon individual's absence. Agency shall notify the other Party in writing of any contact information changes during the term of this Agreement.

THE PARTIES, by execution of this Agreement, hereby acknowledge that their signing representatives have read this Agreement, understand it, and agree to be bound by its terms and conditions.

Agency/State
Agreement No. 32760

This Project is in the 2018-2021 Statewide Transportation Improvement Program (STIP), (Key #20304) that was adopted by the Oregon Transportation Commission on July 20, 2017 (or subsequently approved by amendment to the STIP).

Federal Funding Accountability and Transparency Act (FFATA)
Subaward Reporting

(For purposes of this Exhibit, references to “your organization” shall mean “Agency” and references to “ODOT” shall mean “State.”)

The Oregon Department of Transportation (ODOT) is required to fulfill a federal requirement for contracting under the Federal Funding Accountability and Transparency Act (FFATA) Subaward Reporting System (FSRS). FFATA reporting is a requirement for subawards (also known as subrecipients) of federal awards in excess of \$25,000,000. Your organization will enter into an agreement with ODOT where the funding source is a federal grant with a subrecipient relationship. Your organization is required to submit the information below to the Oregon Department of Transportation within fourteen calendar days of execution of the Agreement and annually thereafter, if applicable. (See the following page for further details.)

Legal entity name: _____

Data Universal Number System (DUNS) number: _____

Executive compensation

Executive compensation information is also required to determine whether or not the following information must be reported in FSRS:

- a. In your organization’s previous fiscal year, did your organization receive 80% or more of its annual gross revenue and \$25,000,000 or more in federal procurement contracts, subcontracts, loans, grants, subgrants, cooperative agreements and federal financial assistance awards subject to the Transparency Act? (Include parent organization, all branches, and all affiliates worldwide.)
☐ Yes ☐ No If “yes,” proceed to b. If “no,” no further action is required and submittal of this form is not required.
- b. Does the public have access to information about the compensation of the senior executives in your organization (including parent organization, all branches, and all affiliates worldwide) through periodic reports filed under section 13(a) or 15(d) of the Securities and Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986?
☐ Yes ☐ No If “yes,” provide a link to the SEC: <http://www.sec.gov> where this information is located and return form to the ODOT contact shown at the bottom of this form.

Background on FFATA requirements

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The intent of the Act is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is www.USASpending.gov.

Definition of compensation

Your organization is considered a subrecipient of federal funds. Unless your organization is exempt, FFATA requires you to report total compensation for each of your five most highly compensated executives for the preceding completed year. Total compensation means the cash and non-cash dollar value earned by the executive during the subrecipient's preceding fiscal year and includes the following: salary and bonus; awards of stock, stock options, and stock appropriation rights; earnings for services under non-equity incentive plans; change in pension value; above-market earnings on deferred compensation which is not tax-qualified; and other compensation as defined in 2 CFR Part 170, Section 170.330(b)(5)(vi).
