Hi Karla! Look forward to speaking on the 30th. I want to make an adjustment to my topic - I will not be speaking about Pegasus but rather a state of the union on the Affordable Arts Space in Portland plan adopted in 2018.

Best,

-John

John,

I will list you on the October 30th Portland City Council agenda. Communications are the first item on the official agenda and we start at 9:30 a.m. You will have three minutes to address the Council but you may also submit written material, please provide seven copies.

Communications allow the Council to hear issues that interest our community members but does not always allow an opportunity for dialogue.

The person wanting the other spot should send in their request soon as this is the last spot available in October.

Thank you,

Karla

Sorry, October 30th is the earliest. I could put you on the waiting list for September, there are currently four people already on it. **Did you want one of the spots on October 30th?**

Yes, City Code requires each individual to submit their own request.

Council does not allow testimony on non-agenda items. The five Communication spots on Wednesday morning is the only time for open testimony.

Hi Karla,

Appreciate the quick reply! Hoping for something sooner given the time pressure of the matter but we are available for October 30th slot.

Just so I understand, each person wanting to testify on this topic would have to file separate request?

Does the Portland council have any open public "off agenda" testimony slots in the regular meetings similar to Metro Council? I know for Metro anyone can come to their meeting and give 3 min testimony about anything prior to the agenda items - wondering if Portland City Council does something similar.

Thank you so much, appreciate the help!

Best,

-John Carter

Hello John,

Thank you for your request to address the Portland City Council. Our next available spots, currently two, are Wednesday, October 30th but, Mayor Wheeler will be absent.

If someone else wants the other spot, they have to submit their own request, including their name, address, phone, date they wish to speak, and topic.

I cannot take request for November Communications spots until September 1st.

Regards,

Karla

Hi Karla!

Several members of the Pegasus Project (76th and Stark), a vibrant artist's community located in the Montavilla neighborhood, would like to give public testimony to the council to address the issues of the fines levied by the city and status of the property - and offer our perspective from recent press that was published in Willamette Week and OPB. We want to directly collaborate with the city and see how we can fit within the framework of the 24 point "[Plan for Preserving Affordable Art Space](#)" that was passed unanimously by the council in 2018.

Look forward to hearing from you!

Best,

-John Carter
