

IMPACT STATEMENT

Legislation title: Accept a report on the Rose Lane Project

Contact name: Jamey Duhamel

Contact phone: 503-823-3061

Presenter name: Jamey Duhamel

Purpose of proposed legislation and background information:

Provide an update on the process Commissioner Eudaly's office is undertaking to create the Rose Lane Project through a racial equity and climate justice lens.

Financial and budgetary impacts:

NA

Community impacts and community involvement:

The Rose Lane Project works with an internal advisory group that includes organizations with a deep equity lens. As the work will have significant community impacts once implemented (increased transit service, new road patterns, changes to street congestion), we are engaging in monthly meetings with community partners and will also be doing several open house meetings and a survey to get public feedback.

100% Renewable Goal:

The Rose Lane Project is designed to increase public transit ridership mode split goals and decrease use of single occupancy vehicles that contribute significantly to carbon emissions.
