## Purpose of proposed legislation and background information:

To signal the City's commitment to and support of the Iranian community in Portland, the Iranian community at large, and the protection of human life from the destabilization caused by war.

#### Financial and budgetary impacts:

There are no direct financial or budgetary impacts to the City of Portland.

### Community impacts and community involvement:

During the Summer of 2019, the Oregon Physicians for Social Responsibility and the American Iranian Friendship Council communicated to Portland City Council a request for the council's support and passage of a resolution to urge the Federal government to engage in diplomacy with Iran.

In line with Resolution No. 36492 – "City of Portland Urges the federal government to seek positive diplomatic relations between Iran and the United States of America instead of escalating tensions" - which passed on March 21, 2007; this resolution is both a response to our constituents, and reaffirmation of our commitment to this issue and the Iranian and American-Iranian people in Portland and abroad.
