

**IMPACT STATEMENT**

**Legislation title:** \*Authorize a contract with the lowest responsible bidder for the SE 52nd and Woodstock Traffic Signal Replacement Project (Ordinance)

**Contact name:** David Backes

**Contact phone:** 3-5811

**Presenter name:** David Backes

**Purpose of proposed legislation and background information:**

- Purpose of this legislation is to authorize procurement process for the SE 52<sup>nd</sup> and Woodstock Traffic Signal Replacement Project and allow the project to be advertised for construction.
- The project scope includes ADA improvements, traffic signal modernization, and intersection paving at 52<sup>nd</sup> and Woodstock.

**Financial and budgetary impacts:**

- The project is funded with \$960,000 from the General Fund's Signal Reconstruction budget

**Community impacts and community involvement:**

- This project emerged from dozens of neighbor complaints to the 823-SAFE phone number and email address. Replacing the traffic signal, providing protected left turns, and upgrading corner ramps are all very supported by the community.

**Budgetary Impact Worksheet****Does this action change appropriations?**
