SUBJECT: Recognize 2019 Fire Prevention Poster Contest Winners

The goal of Portland Fire & Rescue's Prevention Division is to save lives, property, and the environment by preventing fires before they start. The Prevention Division works to reduce the frequency and severity of fires and other life-safety incidents through a multidisciplinary approach that includes education, engineering, and enforcement. The Prevention Public Education team offers targeted community outreach programs that are developed and implemented through our local schools, community organizations and events, and in the fire stations.

This past October, during Fire Prevention Week, Portland area school children were invited to participate in a fire prevention poster contest. The contest helps spread the word on critical fire safety messages and encourages fire safety in the home, school, and community. Three winners were selected by Fire Chief Sara Boone for their creativity and fire prevention message.

Portland Fire & Rescue wishes to recognize and congratulate Nahli Reitano, Kindergarden student at Kairos PDX School, Chloe' Shaw, 3rd grade student at Kairos PDX School and Braedyn Williams, 8th grade student at DaVinci Middle School, for their excellent submissions to the poster contest.
