Subject: Testimony on Wednesday, Regarding the houseless pod/village on N. Richmond Av., St. Johns
Date: Friday, January 24, 2020 12:05:44 PM

I was told that two people came to the city council to give favorable testimony regarding the pod/village to be located on N. Richmond Ave. Since neither of those people live in St. Johns, , , I would like to come to the next available time slot to testify that as a resident of St. Johns I and many of my friends do NOT want the pod/village on N. Richmond St. We do not object the pod/village to be in the St. Johns neighborhood, , , just not on N. Richmond St., which is 1/2 block from an elementary school, a pre-school and the neighborhood library. Just not acceptable.

I TriMet but if there is a cancellation, I can be there by 9am, any given Wednesday or any other day. This is a very important topic for the majority of the St. Johns Community, who oppose the location on N. Richmond Ave.
Thank you.
