

No. 791.

An ordinance adopting the report of the City Surveyor in the matter of the proposed extension and opening of certain Streets.

Whereas, the Common Council of the City of Portland deeming it expedient to establish, lay out, extend and open certain streets in that part of the City known as the Caruthers Land claim, did on the 16th day of March, 1870: direct the City Surveyor to survey extensions of South Front, South First, South Second and South Third streets from the south line of Sheridan Street to the South line of the Trince Caruthers land claim: also to survey for the opening of streets to be known as "William", "Meade", "Cooker", "Porter" and "Hood" streets, to run from an extension of the line of South Front Street to an extension of the line of South Fourth Street and parallel with Sheridan Street and to mark the boundaries thereof and make his report with map or plat of said streets and extensions and of the portion of each lot or part of lot to be appropriated and whereas the City Surveyor has made said survey, report and plat which

were duly filed on the 5th day of April, 1890. and are satisfactory to the Common Council now therefore,

Section 1.

The City of Portland does ordain as follows.

The report (with plat) of H. J. Stevenson, City Surveyor of the proposed extensions of South Front, South First, South Second, and South Third streets and of the opening of Williams, Meade, Hooker, Porter and Woods Streets is hereby adopted of which the following is a copy.

To the Hon. the Common Council of the City of Portland Gentlemen.

The proposed extension of South Front Street is 63.91 feet wide and is bounded and described as follows.

Beginning at a point where the East line of South Front Street intersects the south boundary line of Sheridan Street said point is 1500 feet southerly from the north boundary line of the Finice Brothers land claim, thence southerly along the prolongation of the east line of South Front Street 1540 feet to the south line of what is known as Woods Street, thence westerly along said south line of what is known as Woods Street 63.91 feet to the west line of prolongation of South Front Street, thence northerly along said prolongation 1540 feet to the south line of Sheridan Street, thence easterly along said south line of Sheridan Street 63.91 feet to the place of beginning.

The following lots each 31.955 feet wide and lying East of the centre line of the proposed extension of South Front Street and adjacent thereto will have to be appropriated... A lot 470 feet long lying between the south line of Sheridan Street and the centre line of what is known as Williams Street containing 15020.85 square feet... Four lots each 260 feet long lying between the centre line of the streets known as Williams and Meade, - Meade and Hooker, Hooker and Porter and Porter and Woods, each containing 8308.50 square feet.

A lot 50 feet long lying between the centre and south line of what is known as Woods Street containing 953.15 square feet... Also the same number of lots each 31.955 feet wide lying on the west side of and adjacent to the centre line of said proposed extension of South Front Street, each lot on the west side of the centre line has the same area as the adjacent lots on the East side.

South First Street - The proposed extension of South First Street is 63.91 feet wide and is bounded and described as follows: Beginning at a point where the east line of South First Street intersects the south boundary line of Sheridan Street; said point is 1500 feet southerly from the north boundary line of the Timine Caruthers land claim, thence southerly along the prolongation of the east line of South First Street 1540 feet to the south line of what is known as Woods Street, thence westerly along said south line of what is known as Woods Street 63.91 feet to the west line of prolongation of South First Street, thence northerly along said prolongation 1540 feet to the south line of Sheridan Street, thence easterly along said south line of Sheridan Street 63.91 feet to the place of beginning.

The following lots each 31.955 feet wide and lying east of the center line of the proposed extension of ~~South First~~ Street and adjacent thereto will have to be appropriated.

A lot 475 feet long lying between the south line of what is known as Williams Street containing 15220.85 square feet. Four lots each 260 feet long lying between the center lines of the streets known as Williams and Meade, Meade and Hooker, Hooker and Porter, and Porter and Woods each containing 8808 $\frac{3}{4}$ square feet.

A lot 30 feet long lying between the center and south lines of what is known as Woods Street containing 958.65 square feet. Also the same number of lots each 31.955 feet wide lying on the west side of and adjacent to the center line of said proposed extension of South First Street each lot on the west side of the center line has the same area as the adjacent lot on the east side.

South Second Street - The proposed extension of South Second Street is 63.91 feet wide and is bounded and described as follows: Beginning at a point where the east line of South Second Street intersects the south boundary line of Sheridan Street, said point is 1300 feet southerly from the north boundary line of the Timine Caruthers land claim, thence southerly along the prolongation of the east line of South Second Street 1280 feet to the south line of what is known as Porter Street, thence westerly along said south line of what is known as Porter Street 63.91 feet to the west line of prolongation of South Second Street, thence northerly along said prolongation 1280 feet to the south line of Sheridan Street, thence easterly along said south line of Sheridan Street 63.91 feet to the place of beginning. The following lots each 31.955 feet wide and lying east of the center line of the proposed extension of South Second Street and adjacent thereto will have to be appropriated.

a lot 47 1/2 feet long lying between the south line of Sheridan Street and the center line of what is known as Williams Street containing 15020.85 square feet.

Three lots each 260 feet long lying between the center lines of the streets known as Williams and Meade, Meade and Hooker, Hooker and Porter, each containing 8308 3/4 square feet.

A Lot 30 feet long lying between the center and south line of what is known as Porter Street containing 951.65 square feet.

Also the same number of lots each 31.955 feet wide lying on the west side of and adjacent to the center line of the said proposed extension of South Second Street. Each lot on the west side of the center line has the same area as the adjacent lot on the east side — South Third Street —

The proposed extension of South Third Street is 85.22 feet wide and is bounded and described as follows:

Beginning at a point where the east line of South Third Street intersects the south boundary line of Sheridan Street, said point is 1300 feet southerly from the north boundary line of the Prince Caruthers land claim; thence southerly along the prolongation of the east line of South Third Street 1380 feet to the south line of what is known as Porter Street, thence westerly along said south line of what is known as Porter Street 85.22 feet to the west line of the prolongation of said South Third Street, thence northerly along said prolongation 1380 feet to the south line of Sheridan Street, thence easterly along said south line of Sheridan Street 85.22 feet to the place of beginning.

The following lots each 42.61 feet wide and lying east of the center line of the proposed extension of South Third Street and adjacent thereto will have to be appropriated:

A lot 47 1/2 feet long lying between the South line of Sheridan Street and the center line of what is known as Williams Street containing 20026.7 square feet.

Three lots each 260 feet long lying between the center lines of the streets known as Williams and Meade, Meade and Hooker and Hooker and Porter each containing 11072.6 square feet.

A lot 30 feet long lying between the center and south lines of what is known as Porter Street containing 1278 3/4 square feet. Also the same number of lots each 42.61 feet wide lying on the west side of and adjacent to the center line of the proposed extension of South Third Street. Each lot on the west side of the center line has the same area as the adjacent lot on the east side — Williams Street —

For the proposed opening of Williams Street, I commenced at a point on the west line of the prolongation

of South Front Street 440 feet southerly from the east line of Sheridan Street, which point is 1740 feet southerly from the north line of the Finice Caruthers land claim thence westerly at right angles to the prolongation of South Front Street and parallel with Sheridan Street 1065.2 feet to the East line of South Front Street, thence southerly 60 feet, thence easterly 1065.2 feet to the west line of South Front Street produced thence northerly along said west line of South Front Street produced 60 feet to the place of beginning. The following lots each 30 feet wide and lying north of the center line of the proposed opening of Williams Street and adjacent thereto will have to be appropriated.

Four lots each $213\frac{4}{10}$ feet long lying between the west line of South Front and the East line of South First, the west line of South First and the east line of South Second, the west line of South Second and the east line of South Third (South) and the west line of South Third and the east line of South Fourth each containing $6391\frac{3}{10}$ square feet. Also the same number of lots each 30 feet wide lying on the south side of and adjacent to the center line of said proposed opening of Williams Street. Each lot on the south side of the center line has the same area as the adjacent lot on the North side.

Meade Street

The proposed opening for Meade Street is 60 feet wide and is bounded and described as follows. Beginning at a point on the west line of the prolongation of South Front Street 700 feet southerly from the south line of Sheridan Street which point is 2000 feet southerly from the north line of the Finice Caruthers land claim.

Thence westerly at right angles to the prolongation of South Front Street and parallel with Sheridan Street 1065.2 feet to the East line of South Fourth Street, thence southerly 60 feet, thence easterly 1065.2 feet to the west line of South Front Street produced, thence northerly along said west line of South Front Street produced 60 feet to the place of beginning. The following lots each 30 feet wide and lying north of the center line of the proposed opening of Meade Street and adjacent thereto will have to be appropriated.

Four lots each $213\frac{4}{10}$ feet long lying between the west line of South Front and the east line of South Second, the west line of South Second and the east line of South Third and the west line of South Third and the east line of South Fourth, each containing $6391\frac{3}{10}$ square feet. Also the same number of lots each thirty feet wide lying on the south side

of and adjacent to the center line of said proposed opening of Wade Street, each lot on the south side of the center line has the same area as the adjacent lot on the north side.

Hooker Street

The proposed opening of Hooker Street is 60 feet wide and is bounded and described as follows. Beginning at a point on the west line of the prolongation of South Front Street 960 feet southerly from the south line of Sheridan Street which point is 2260 feet southerly from the north line of the Finice Caruthers land claim, thence westerly at right angles to the prolongation of South Front Street and parallel with Sheridan Street 1065.2 feet to the east line of South Front Street, thence southerly 60 feet, thence easterly 1065.2 feet to the west line of South Front Street produced, thence northerly along said west line of South Front Street produced 60 feet to the place of beginning. The following lots each 30 feet wide and lying north of the center line of the proposed opening of Hooker Street and adjacent thereto will have to be appropriated.

Four lots each $213\frac{4}{100}$ feet long lying between the west line of South Front and the east line of South First, the west line of South First and the east line of South Second, the west line of South Second and the east line of South Third, and the west line of South Third and the east line of South Fourth each containing $6391\frac{3}{10}$ square feet. Also the same number of lots each 30 feet wide lying on the south side of and adjacent to the center line of said proposed opening of Hooker Street, each lot on the south side of the center line has the same area as the adjacent lot on the north side.

Porter Street

The proposed opening of Porter Street is 60 feet wide and is bounded and described as follows. Beginning at a point on the west line of the prolongation of South Front Street 1220 feet southerly from the south line of Sheridan Street which point is 2520 feet southerly from the north line of the Finice Caruthers land claim, thence westerly at right angles to the prolongation of South Front Street and parallel with Sheridan Street 1065.2 feet to the east line of South Front Street, thence southerly 60 feet, thence easterly 1065.2 feet to the west line of South Front Street produced, thence northerly along said west line of South Front Street produced 60 feet to the place of beginning. The following lots each 30 feet wide and lying north of the center line of the proposed opening of Porter Street and adjacent thereto will have to be appropriated.

From lots each $213\frac{4}{100}$ feet long lying between the west line of South Front and the east line of South First, the west line of South First and the east line of South Second, the west line of South Second and the east line of South Third, and the west line of South Third and the east line of South Fourth, each containing 6391.2 square feet. Also the same number of lots each 30 feet wide lying on the south side of and adjacent to, the center line of said proposed opening of Porter Street. Each lot on the south side of the center line has the same area as the adjacent lot on the north side.

Hoods Street.

The proposed opening of Hoods Street is 60 feet wide and is bounded and described as follows. Beginning at a point on the west line of the prolongation of South Front Street 1480 feet southerly from the south line of Sheridan Street which point is 2780 feet southerly from the north line of the Finice Carvers land claim, thence westerly at right angles to the prolongation of South Front Street and parallel with Sheridan Street 213.04 feet to the east line of South First Street thence southerly 60 feet thence easterly 213.04 feet to the west line of South Front Street produced, thence northerly along said west line of South Front Street produced 60 feet to the place of beginning. The following lots each 30 feet wide will have to be appropriated, a lot $213\frac{4}{100}$ feet long lying north of the center line and between the west line of South Front and the east line of South First containing 6391.700 square feet. A lot 213.04 feet long lying south of the center line of said proposed opening and between the west line of South Front and the east line of South First street, containing 6391.70 square feet.

All of which is respectfully submitted.

Signed) H. J. Sturgeon.

Dated, April, 5th 1870.

City Surveyor.

Passed the Common Council, April, 27th 1870.

H. S. Caldwell.

Auditor Clerk.

Approved May, 2nd 1870.

B. Goldsmith.

Mayor.
