POPULATION AND JOBS UP / EMISSIONS DOWN

POPULATION GROWTH

JOB GROWTH

EMISSIONS

Centering the priorities and following the leadership of Portland's frontline communities including Black, Indigenous and communities of color, and youth from those communities.

Expanding community ownership of renewables and driving down emissions from commercial and multifamily residential buildings.

Advancing transportation justice and reducing racial disparities in our mobility system while cutting carbon emissions and overall drive alone trips.

Building our
community resilience
to the impacts of
climate change like
flooding, landslides,
heatwaves and
wildfire smoke.

Protecting, restoring
and managing our
urban natural
resources to sequester
carbon and build
resilience to the
impacts of climate
change.

**Making bold
investments toward
carbon neutral City-
owned buildings, fleets
and operations.**
