OK, I will speak about this letter and crowd control policing. Who knows how many more people will be brutalized by then and how many more millions the city will be on the hook for in civil suits because of it.

Hyung – My apologies, it looks like there was a miscommunication about what day you wanted to sign up for a Communication. Unfortunately, the agenda has already been finalized for today, and we are not able to add Communications once the agenda is published. However, we will add you to the Communications for next Wednesday morning, July 29. If you want to schedule a spot next Wednesday, please send us a brief description of the topic you want to speak about.

Thanks,

Keelan McClymont
