**RE: Alamo Manhattan Blocks - Letter of Support
LU 20-102914 DZM GW**

Dear Staci,

I understand that the Alamo Manhattan Blocks project (LU 20-102914 DZM GW) is currently seeking land use entitlements under the city's design review process. Please know that I support this project and believe that it will be an excellent addition to the neighborhood with positive impacts on both the South Waterfront and the city as a whole.

Please let me know if you have any questions about this letter of support.

Sincerely,

A handwritten signature in blue ink that reads "Tyler Hannay". The signature is fluid and cursive, with a long horizontal flourish extending to the right.
