Subject: Item 705

Hello City Council and other distinguish individuals,

I would like to express our opposition to the appeal against the DC decision to approve the development by the nearby condo owners, Item 705. Had we done similar appeals over the years, none of the condo owners would have residences in the area. It has been a part of the long term plan of the city to have these lots developed and we believe the development should be allowed to proceed.

We would also like to comment we have been extremely disappointed in ODOT and PDOT for the lack of planning and follow through providing adequate egress/ingress into the area and which has been a part of every long term plan produced by the city. We hope the council will work to ensure the necessary portal changes are completed.

Thank you for your time and consideration,

Dean Griffith
