Section 1. The Council finds:

1. The Bureau of Water Works requires construction of the 16-inch, 8-inch and 6-inch Water Mains Terwilliger Mains Package (Phase 2) to improve water quality and fire protection to this area.
2. Appropriation for construction of the water mains is included in the Bureau's approved FY 2001-2002 and 2002-2003 Capital Improvement Program.

NOW, THEREFORE, The Council directs:

- a. That the Commissioner of Public Works and Auditor are authorized to execute on behalf of the City a contract with the lowest responsible bidder for the project described in Section 1 above and in accordance with the plans and specifications on file with the Purchasing Agent.
- b. The Mayor and the Auditor hereby are authorized to draw and deliver checks chargeable to the FY 2002-2002 and 2002-2003 Budget, Water Fund, Project No. 7299, Center Code 18089903, when demand is present and approved by the proper authorities.
