

IMPACT STATEMENT

Legislation title: *Amend District Property Management License Code related to the use of revenues collected for lighting and district amenities to increase the flexibility in the use of funds (Ordinance; amend Code Section 6.06.216)

Contact name: Thomas Lannom, Revenue Division Director
Contact phone: 3-5154
Presenter name: Thomas Lannom

Purpose of proposed legislation and background information:

In addition to their general revenues for cleaning, security, crime prevention and other general services, the Clean & Safe Enhanced Service District (Clean & Safe) separately calculates and collects revenues earmarked for its Lighting and District Amenities Program. The revenues collected for the Lighting and District Amenities Program have exceeded the funds needed to administer this program.

. The legislation will give Clean & Safe flexibility on the use of the excess Lighting and District Amenities Program funds, while still restricting their use to the services that the general Clean & Safe revenues can be used for.

Financial and budgetary impacts:

The proposed code changes would have no impact on City revenue or expenses.

Community impacts and community involvement:

The legislation is expected to increase livability in downtown and decrease the burden to property managers and business owners in the Clean & Safe district.

100% Renewable Goal:

The legislation has no direct impacts on this goal.
