Hi Lizzy,

You are scheduled to speak in front of the Portland City Council on December 2nd.

Council meetings are being held virtually, so you will receive an email with information about how to join the meeting using your phone or the internet. You will receive this email next week. The Council meeting will start at 9:30 am. Let me know if you have any questions.

Tristan

Hi Lizzy,

I hope you had a great weekend. I just wanted to follow-up with you regarding the communications item, as today is the deadline to register for the council meeting next week on December 2nd. Please let me know by the end of the business day if you'd like to speak at council next week or we can get you scheduled for December 9th, if that works better. Thanks!

Tristan

Subject: Agenda Communication Item: Water Fluoridation

Karla Moore, Council Clerk:

I am a Registered Nurse at Legacy Good Samaritan Hospital. I am writing to ask for water fluoridation to be considered a priority for the City Council. Providing water fluoridation in the Portland water supply is a public health, social justice, and health equity opportunity. In a time when inequity is so prevalent in our day to day, I urge the Council to use as many means-tested tools as we have available.

The American Dental Association is in favor of community water fluoridation. The organization cites fluoridation as the "single most effective public health measure to prevent tooth decay."¹ I am asking all members present at this council meeting to consider the scale of positive impact we could have on our community through fluoridation.

Thank you for your time in reading my request and I look forward to the council's support on this issue.

Sincerely,

Lizzy Sampson, BSN, RN
