

ORDINANCE No. 149322

An Ordinance creating one position of Engineering Aide in the Bureau of Sanitary Engineering, Design Engineering Division (RU 146), effective February 6, 1980, transferring funds and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

1. One position of Engineering Aide is required by the Bureau of Sanitary Engineering, Design Engineering Division (RU 146).
2. There has been a substantial increase in the engineering and clerical workload within the Design Engineering Division due to major annexations, an intensification of development within the City and expanded subdivision and building plan review responsibilities associated with the administration of the National Flood Insurance Act and the MSD Interim Development Guidelines for the Johnson Creek Basin. This increase can best be accommodated through the creation of a new Engineering Aide position within the Design Engineering Division.
3. The Bureau of Sanitary Engineering has identified sufficient funds in the second quarter allotment to fund this position from existing appropriations.
4. The change has been approved by the Bureau of Personnel Services.

NOW, THEREFORE, the Council directs:

- a. The following position is created in the Bureau of Sanitary Engineering, Design Engineering Division (RU 146) with a salary rate in accordance with the current compensation plan:

<u>No. of positions</u>	<u>Position Job Class Number</u>	<u>Position Classification Title</u>
1	3112	Engineering Aide

- b. \$1,000 is transferred within the Bureau of Sanitary Engineering's Budget from BUC 14621415/110 to BUC 14621415/640 for office furniture needed for the additional position.

ORDINANCE No.

Section 2. The Council declares that an emergency exists because the position being created is required immediately in order that the functions of the Bureau of Sanitary Engineering may be carried out without delay; therefore, this Ordinance shall be in force and effect from and after its passage by the Council.

ORDINANCE NO. 149322

CHIEF

An ordinance creating one position of Chief Sanitary Engineer in the Bureau of Sanitary Engineering, Department of Public Health, and declaring an emergency.
