

ORDINANCE NO. **149446**

An Ordinance authorizing application by the Bureau of Parks to the Oregon State Marine Board for a grant estimated at \$10,000 for redesign and engineering of the existing boatramp at Willamette Park, authorizing a contract and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

1. The Oregon State Marine Board makes grants to local governments for the construction and maintenance of boating facilities and related projects.
2. The boatramp at Willamette Park has deteriorated to an unsafe condition due to erosion of its underwater portion.
3. The grant application will request funds for Phase I of the project in the amount of \$10,000 for redesign and engineering of the boatramp. Full indirect costs at a rate of 17 percent are included in the grant budget. No local match is required.
4. Upon completion of Phase I, a Phase II application will be submitted to the State Marine Board for a grant to construct the new boatramp.

NOW, THEREFORE, the Council directs:

- a. The Park Bureau Planning and Development Manager shall make application to the Oregon State Marine Board for a grant estimated at \$10,000 for design and engineering of a boatramp at Willamette Park.
- b. Should the described grant be approved, a contract or grant agreement is authorized.
- c. The Commissioner in charge is authorized to provide assurances regarding the use of the grant as may be required by the Oregon State Marine Board.

ORDINANCE No.

- d. The Commissioner in charge is authorized to provide such information and assurances as are required for receipt, expenditure and accounting for the grant project.
- e. Expenditures under this grant are not authorized until the Oregon State Marine Board has approved the grant, the Council has specifically appropriated the funds; and the system of accountability has been established by the Bureau of Financial Affairs.

Section 2. The Council declares that an emergency exists because there is a grant application deadline and delay in applying may result in the loss of opportunity to receive the grant; therefore, this Ordinance shall be in force and effect from and after its passage by the Council.
