Hi Mr. Chorn,

The council offers public communications at the beginning of each council meeting. There are five spots available at each meeting for members of the community to speak on a topic of their choosing for 3 minutes, uninterrupted.

The next available dates for communications is February 17th. The meeting begins promptly at 9:30am and that is when you would be addressing the council, by video. If you would like to reserve a spot to address Council on this date, please provide a zip code and topic.

The deadline to sign up for February 17th is end of business today.

Thank you! Have a great day!

Tristan Sakamoto

Subject: Acoustic Harassment/Assault

In the last 9 days I have spent \$1,865.00 and over 20 hours on the phone or meeting in person with:

- Portland Police Bureau
- Community/Civic Life
- Noise Control Office
- Landlord/Tenant Lawyers
- Personal injury Lawyers
- Multnomah Circuit Court, Presiding Judge Bushong and Judge Johnston
- Acoustic engineers
- Acoustic consultants
- Audiologists
- Medical Doctors
- Clinical Psychologists

After investing significant time/money, the general consensus has been, it is legal within Portland for someone to assault residents, specifically residents within multifamily dwellings, with targeted high frequency (9-20 kHz) noise. Obviously, it was a shock to me to learn the progressive jurisdiction I have chosen to live in, while generously contributing and enriching with my substantial knowledge, skills, and abilities, would take a more active role to "promote the common good" by protecting the health and welfare of residents and ensuring domestic tranquility.

A quick google search shows over 20 unique and readily available devices priced as low as \$45, which are manufactured and marketed for the exclusive purpose of harassment, retaliation, manipulation, and abuse. Further, when the US Military used these types of devices on detainees at Guantanamo Bay, Amnesty International called the practice "barbaric, cruel and inhuman".

I would appreciate the opportunity to address the Council regarding the aforementioned topic at the next available date/time.

Please advise?

With gratitude,

Chris Chorn
