

## ORDINANCE NO. 149936

An Ordinance amending the fiscal year 1980-81 City Budget; increasing resources and requirements in the Federal Grants and Fleet Operating Funds by \$138,712; authorizing the Purchasing Agent to advertise and receive proposals for furnishing four (4) electric powered sedans and three (3) pickups to the Bureau of Fleet Management under Cooperative agreement DE-FC08-80NV10111 between the City and the Department of Energy (DOE); authorizing contracts; authorizing the drawing and delivery of warrants; and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds that:

1. Ordinance 148314 passed by Council on August 22, 1979 authorized the Bureau of Fleet Management to apply for a grant under the Department of Energy's Electric and Hybrid Vehicle Demonstration Programs. Said ordinance also authorized a grant agreement or contract should an award be made.
2. On February 19, 1980 Portland was selected by DOE to participate in the second round of the EV program. Following negotiations between DOE and City officials, an agreement was entered into on April 24, 1980.
3. The agreement commits DOE to finance approximately 90% of vehicle acquisition costs and all parts costs. Total DOE share for the four year program is \$169,122.00.
4. The City's share consists of in-kind contributions of personnel resources to maintain the EV fleet and to manage the demonstration program and approximately 10% of acquisition costs. The City's share is estimated to be \$136,738 over the four years.
5. Under the agreement, the City will purchase four (4) sedans, three (3) pickups, and three (3) vans. There is only one qualified vendor capable of supplying the vans; consequently, they will be purchased under a sole source agreement.
6. This ordinance appropriates \$138,712 in DOE grant funds which are required for fiscal year 1980-81. No additional appropriation is needed to cover the City's share for this fiscal year.

NOW, THEREFORE, the Council directs:
