GRANT PROJECT APPLICATION

Project No: PS-21-68-11 001

Project Name: City of Portland Pedestrian Bike/Driver Education Encouragement

Answer each question in the boxes provided. Answer each question completely and according to the instructions in *Italics*. All fields are required.

I. Project Description

The City of Portland Bureau of Transportation (PBOT) will partner with community organizations and city staff to implement pedestrian/bike/driver education and encouragement efforts in Portland and E. Multnomah County.

II. Problem Statement

- A. Describe the problem(s) this project will try to impact:
(Describe the problem(s) you intend to impact with this grant.)

Based on data compiled and analyzed by PBOT, we identified a need for education to improve pedestrian/bike/driver safety in Portland especially for community members that live or work in locations along a high crash network streets and in neighborhoods comprised of community members that are low income, seniors, and/or community members of color. We also identified the need to increase the number of people walking and biking to meet our climate action goals and better manage transportation demands in Portland. Compared to other neighborhoods, people living in locations along a high crash network streets and low-income communities generally have fewer choices about how, when and where they travel, putting them at higher risk as they move around. The Portland Bicycle Plan for 2030 calls for 25% of all trips to be made by bicycling. In 2017 6-7% of citywide commute trips were made by bicycle. to reach our goal, we need to have more people choose the bicycle as a mode of transportation. PBOT believes the development of specific community-led neighborhood-based group efforts to improve traffic safety and encourage safety walking and biking are necessary to accomplish the following: increase intentional transportation safety outreach and education; increase messaging and engagement opportunities encouraging community members to walk and bike; increase awareness and compliance of Oregon traffic laws; increase knowledge about vehicular collisions; increase understanding of transportation safety infrastructure; increase prevention of traffic crashes; increase participation in transportation safety and education and active transportation efforts.

- B. Provide summary data about the problem(s):
(Give summary data regarding the problem as it exists in your jurisdiction.)

People walking on Portland streets are at the greatest risk of death from a traffic crash relative to other modes of transportation. While about 10% of people identify walking as their primary way to travel in Portland, historically pedestrians have made up nearly one-third of all traffic-related deaths. In 2019, 17 people lost their lives while walking in Portland. Between 2016-2017, Portland pedestrian crashes of all severity types occurred 51% during the day and 49% during the night ("night" includes dusk, dawn, and dark conditions, both with and without street lighting present). Between 2017-2016, 61 percent of Portland fatal and serious pedestrian crashes occurred at night compared to 39 percent during the day. Older adults are increasingly overrepresented in pedestrian deaths. From 2015-2019, adults ages 65 or older made up 28% of pedestrian traffic deaths in Portland yet they make up only approximately 12 % of Portland's total population. Pedestrians in East Portland, especially east of I-205, are more than twice as likely to be killed in a traffic crashes than pedestrians in other parts of Portland. A significant number of Portland's high crash network streets and over half of Portland's high crash intersections are located in East Portland. East Portland generally bears the burden of historic underinvestment in infrastructure and has poor air quality and limited community resources. This is especially troubling because East Portland also has high concentrations of communities of color, low-income people, and communities with limited English proficiency (LEP). Multnomah County reports that the black population has the highest age-adjusted rate of death resulting from traffic crashes - 13.9 per 100,000 people (2013-2017). The Community Cycling Center CCC reported in their "Understanding Barriers to Bicycling" report that 33% of the Latina and Somali women focus group participants expressed interest in learning how to ride a bicycle so that they could bike with their children.

- C. List current activities and associated agencies already involved in solving the problem(s):
(Include all related activities and agencies involved. If you have a current project, list the objectives of that project and progress in achieving them.)

Portland Vision Zero - engineering, education, evaluation, equity, encouragement; Portland Smart Trips - education, encouragement, equity; Portland Sunday Parkways - education encouragement, equity; Portland BIKETOWN - education, encouragement, equity; Portland Capital Projects - engineering; Portland Police Bureau - enforcement and education.

V. Evaluation Plan

A. Evaluation Questions

(You will be reporting on your objectives in your Project Evaluation. At a minimum each objective should be rephrased as an evaluation question. For example, what percentage of the public in (funded jurisdiction) wears a safety belt? What percentage increase is this? Add questions that demonstrate expected or potential impact of the project on the state or jurisdiction's traffic safety environment. Avoid yes/no evaluation questions.)

a. The Federal Funding Agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the Project Work Product, and to authorize others to do so, for federal government purposes with respect to:

(i) The copyright in any work developed under a grant, subgrant or contract under a grant or subgrant; and
(ii) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

b. The parties are subject to applicable federal regulations governing patents and inventions, including government-wide regulations issued by the Department of Commerce at 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements."

The parties are subject to applicable requirements and regulations of the Federal Funding Agency regarding rights in data first produced under a grant, subgrant or contract under a grant or subgrant.

Ownership of equipment acquired with Grant Funds shall be vested with the Grantee. Costs incurred for maintenance, repairs, updating, or support of such equipment shall be borne by the Grantee. If any material or equipment ceases to be used in Project activities, the Grantee agrees to promptly notify Agency. In such event, Agency may

As applicable, Grantee shall make purchases of any equipment, materials, or services pursuant to this Agreement under procedures consistent with those outlined in ORS Chapters 279, 279A, 279B and 279C.

10. Nondiscrimination. Grantee will comply with all Federal statutes and implementing regulations relating to nondiscrimination ("Federal Nondiscrimination Authorities"). These include but are not limited to:

- Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin) and 49 CFR part 21;
- The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects);

L. 100-209), (broadens scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal aid recipients, subrecipients and contractors, whether such programs or activities are Federally-funded or not);

- Titles II and III of the Americans with Disabilities Act (42 U.S.C. 12131-12189) (prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing) and 49 CFR parts 37 and 38;
- Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations (prevents discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations); and
- Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (guards against Title VI national origin discrimination/discrimination because of limited English proficiency (LEP) by ensuring that funding recipients take reasonable steps to ensure that LEP persons have meaningful access to programs (70 FR at 74087 to 74100)).

In addition, Grantee:

- Will take all measures necessary to ensure that no person in the United States shall, on the grounds of race, color, national origin, disability, sex, age, limited English proficiency, or membership in any other class protected by Federal Nondiscrimination Authorities, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any of its programs or activities, so long as any portion of the program is Federally-assisted.
- Will administer the program in a manner that reasonably ensures that any of its subrecipients, contractors, subcontractors, and consultants receiving Federal financial assistance under this program will comply with all requirements of the Non-Discrimination Authorities identified in this Assurance;
- Agrees to comply (and require any of its subrecipients, contractors, subcontractors, and consultants to comply) with all applicable provisions of law or regulation governing US DOT's or NHTSA's access to records, accounts, documents, information, facilities, and staff, and to cooperate and comply with any program or compliance reviews, and/or complaint investigations conducted by US DOT or NHTSA under any Federal Nondiscrimination Authority;
- Acknowledges that the United States has a right to seek judicial enforcement with regard to any matter arising under these Non-Discrimination Authorities and this Assurance;
- Agrees to insert in all contracts and funding agreements with other state or private entities the following clause:
 "During the performance of this contract/funding agreement, the contractor/funding recipient agrees—
a. To comply with all Federal nondiscrimination laws and regulations, as may be amended from time to time;
b. Not to participate directly or indirectly in the discrimination prohibited by any Federal non-

discrimination law or regulation, as set forth in Appendix B of 49 CFR part 21 and herein;

c. To permit access to its books, records, accounts, other sources of information, and its facilities as required by the State or Oregon highway safety office, US DOT or NHTSA;

d. That, in event a contractor/funding recipient fails to comply with any nondiscrimination provisions in this contract/funding agreement, the State highway safety agency will have the right to impose such contract/agreement sanctions as it or NHTSA determine are appropriate, including but not limited to withholding payments to the contractor/funding recipient under the contract/agreement until the contractor/funding recipient complies; and/or cancelling, terminating, or suspending a contract or funding agreement, in whole or in part; and
e. To insert this clause, including paragraphs (a) through (e), in every subcontract and subagreement and in every solicitation for a subcontract or sub-agreement, that receives Federal funds under this program.

11. Buy America Act. All material and equipment purchased shall be produced in the United States in accordance with Section 165 of the Surface Transportation Assistance Act of 1982 (Pub. L. 97-424; 96 Stat. 2097) unless the Secretary of Transportation has determined under Section 165 that it is appropriate to waive this agreement.

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal Funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

12. Prohibition on Using Grant Funds to Check for Helmet Use. The State and each subrecipient will not use 23 U.S.C Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

13. Political Activity (Hatch Act). The State will comply with provisions of the Hatch Act (5 U.S.C. §§1501-1508) which limits the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

14. Certification Regarding Federal Lobbying.

Certification for Contracts, Grants, Loans, and Cooperative Agreements.

Grantee certifies by the signature of its authorized representative to this Agreement that, to the best of his or her knowledge and belief:

a. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

b. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions;

c. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

15. Restriction on State Lobbying. None of the funds will be used for any activity specifically designed to urge or influence a state or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots")

lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

16. Certification Regarding Debarment and Suspension.
