

Ordinance No. 150072 |

An Ordinance creating one position of Storekeeper I: Automotive/Equipment in the Bureau of Fleet Management, establishing salary rates for the Compensation Plan, transferring \$17,559 within the Fleet Operating Fund, and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

1. The Bureau of Fleet Management is responsible for maintenance and repair of 1,555 vehicles and pieces of equipment.
2. It is necessary to repair and maintain the Fleet equipment quickly and efficiently, in order to minimize the effect of such work on the operating bureaus.
3. The Bureau has added a second shift at Stanton Yard in order to assure timely repair and maintenance of the Fleet equipment.
4. The Bureau has expanded its parts inventory because Public Works and Municipal Stores no longer stock automotive parts.
5. The Bureau does not have sufficient personnel to adequately acquire and manage the \$250,000 parts inventory at six separate locations that is required to repair and maintain the Fleet equipment.
6. It is necessary that a specialized classification be created, so the person selected to fill the position will have experience in automotive and equipment parts procurement, as well as inventory functions.
7. The Bureau of Fleet Management has the necessary appropriation in its contingency account to fund the position.
8. The Bureau of Personnel has concurred in the decision to create a specialized position. It also approved the wage rate.

NOW, THEREFORE, The Council directs:

- a. One position of Storekeeper I: Automotive/Equipment is created in the Bureau of Fleet Management.
- b. The salary rate for the position is set at the same level as for Storekeeper I (No. 0410).
- c. \$17,559 are transferred within the Fleet Operating Fund from General Operating Contingency to the operating budget.
(56200011.110 -- \$13,936; 56200011.170 -- \$3,623).
