STATEMENT OF THE WORK AND PAYMENT SCHEDULE

BACKGROUND

The City of Portland, Bureau of Environmental Services (BES), periodically has a need for Professional Land Surveying services in relation to design and construction of sanitary and stormwater collection systems, treatment facilities, and watershed restoration projects. Projects requiring land surveys range from small, e.g., limited pipe replacement, to very large collection and treatment system upgrades. The areas to be surveyed will be similarly small to extensive.

The Consultant shall provide Land Surveying Services on an as-needed basis. These services generally include work with short deadlines, scopes that may need to be developed quickly, and/or providing expertise currently unavailable in-house. Task Orders will be issued to the Consultant under this Price Agreement as individual project needs are identified.

SCOPE OF WORK

SERVICE CATEGORY – Land Surveying

The Consultant will provide as-needed professional land surveying-related services, within potentially limited time frames, and will be expected to work closely with designated BES personnel. For each project, BES will provide the general scope of work, and the Consultant will develop and negotiate the specific scope of work, budget, deliverables and schedule. Services will be requested as the need arises, therefore there is no guarantee that work will be assigned under this Price Agreement, or that the total not-to-exceed amount of this Price Agreement will be reached. The types of services include, but are not limited to, the following:

A. Land Surveying Services

- Researching survey records, deeds and easements

- Establishing an appropriate survey control network
- Delineating property boundaries and rights of way
- Surveying utilities and existing infrastructure
- Surveying trees, wetland delineations, and Ordinary Highwater Marks (flagged in the field)
- Developing site topographic maps per BES CAD standards
- Providing pre-construction stakeout, construction monitoring measurements and reports, and as-built construction surveys

When work will be conducted on private property, the Consultant is required to provide notice to the property owner(s).

TASK ORDERS

Work performed under this Price Agreement must be authorized via a written Task Order (sample attached as Exhibit A) signed by the City and the Consultant. The scope of work, schedule, deliverables, key personnel, subconsultants, compensation, and Disadvantaged, Minority, Women, Service-Disabled Veteran and Emerging Small Business (COBID Certified) Enterprises' utilization for each project or project phase will be defined in the Task Order prior to commencement of the work.

Following the execution of each Task Order, the City's Project Manager or delegate will work directly with the Consultant for the duration of the project unless otherwise noted on the Task Order.

Under no circumstance will an individual Task Order amount exceed \$250,000, including Task Order amendments, unless authorized by the Bureau Director or their designee.

Task Order COBID Certified Good Faith Efforts

Equity in the utilization of subcontractors is of paramount importance to BES for the work anticipated under this Price Agreement. In accordance with City Council's direction to provide for maximum use of certified COBID Certified firms, each negotiated Task Order shall include COBID Certified firms as subconsultants to the maximum extent possible, and all Task Orders will be negotiated with the intent to maximize utilization. Consultant shall be required to make good faith efforts to contract with COBID Certified subconsultants.

In the interest of achieving the most advantageous Task Order agreements, BES may engage multiple Consultants in parallel or serial Task Order negotiations. In the event BES and a Consultant cannot reach a favorable agreement for a specific Task Order, BES shall terminate negotiations and commence negotiations with the next Consultant. Continual difficulties in negotiating compensation caps or maximum COBID Certified utilization, or repeated unavailability or inability to perform Task Orders may result in the termination of this Price Agreement.

Task Order Compensation

Compensation for each Task Order will be determined through negotiation with the Consultant based on the scope of work, the hours the Consultant estimates for performance of the work, and the Consultant hourly rates, subject to a predetermined cap for the maximum compensation for the particular Task Order. If the work requires fewer hours than those estimated, the Consultant will be paid for the actual hours necessary to complete the Task Order. If the Consultant underestimates the number of hours that are required to perform and complete the scope of work, the negotiated maximum compensation for the Task Order shall be the cap of the compensation to be paid.

Task Order Change Requests

Compensation may only be adjusted via an executed Change Request amendment to the Task Order for documentable circumstances not reasonably foreseeable to either party at the time the Task Order was issued, or for changes to the scope of work or deliverables requested by BES.

Any change to the scope of work, schedule, deliverables, subconsultants, compensation, and COBID Certified utilization must be agreed upon by BES and the Consultant in writing as an executed Change Request amendment to the Task Order. Task Order amendments adding, removing or replacing subconsultants, require the Chief Procurement Officer's approval. Task Order amendments that increase the compensation by more than 25% of the original Task Order amount must be approved in writing by the Bureau Director or their designee.

DELIVERABLES

The Consultant must complete and provide Environmental Services' Project Manager the deliverables identified within each Task Order.

Deliverables shall be considered those tangible resulting work products that are to be delivered to the City such as reports, draft documents, data files, interim findings, schematics and drawings. Unless otherwise specified by the City, the Consultant shall prioritize submitting applicable deliverables electronically, and any paper-based deliverables shall be printed double-sided and in bindings or report covers that are fully recyclable, preferably using materials containing post-consumer waste recycled content. The Consultant is encouraged to provide any deliverables in accordance with the City's sustainable Paper Use Policy. The City's Policy can be found at: <https://www.portlandoregon.gov/brfs/37732>.

Deliverables and schedule for each project shall be negotiated and defined in the Task Order. If the Consultant uses subconsultants under a Task Order, a monthly subconsultant payment and utilization reporting shall be submitted electronically by the 15th of each month with the monthly invoice. (reference Part II, Section C.6 of the RFP).

All deliverables and resulting work products from this Price Agreement shall become the property of the City of Portland. As such, the City reserves the right to copy and distribute deliverables in any and all media formats pursuant to the needs of the City at the time. If for any reason the deliverables are composed of information that may be protected by copyright or contain information not otherwise able to be owned by the City, the Consultant and any subconsultants grant the City the right to copy and distribute the information contained in the deliverables at the sole discretion of the City of Portland.

WORK PERFORMED BY BUREAU OF ENVIRONMENTAL SERVICES

The City will assign a Program Manager to each task order to oversee the Consultant's work and provide support as needed. The City will review and approve work performed by the Consultant. Any specific duties the City will perform for each project shall be identified in the individual Task Orders.

SPECIAL PROVISIONS

The Consultant will make all arrangements to protect their workers, especially when the work occurs in the right-of-way or in any other potentially hazardous location. The Consultant will also obtain any required permits and permission from private property owners to access their property when warranted.

The Consultant will use the City's Heron (e-Builder) project management system for invoices, document management, deliverable transmittal, and review.

All AutoCAD deliverables shall adhere to BES AutoCAD policy listed at the following URL unless otherwise specified in a Task Order: <https://www.portlandoregon.gov/bes/77336>.

PROJECT REVIEW

Individual Task Orders will be developed by the Consultant's Project Manager and reviewed by the City's Project Manager. Specific oversight will be described in each Task Order.

PUBLIC SAFETY

Public safety may require limiting access to public work sites, public facilities, and public offices, sometimes without advance notice. The Consultant shall anticipate delays in such places. The Consultant's employees and agents shall carry sufficient identification to show by whom they are employed and display it upon request to security personnel. City Project Managers have discretion to require the Consultant's employees and agents to be escorted to and from any public office, facility or work site if national or local security appears to require it.

On March 23, 2020, Governor Brown issued Executive Order 20-12 requiring, among other things, the practice of social distancing, teleworking, the closure of certain businesses, and limitations on non-essential travel.
https://www.oregon.gov/gov/admin/Pages/eo_20-12.aspx

Currently, the Environment Services Professional, Technical and Expert (PTE) Service Projects continue in accordance with the Executive Order. This requires the Consultant to begin the work supported by this Price Agreement and continue PTE services uninterrupted while following the executive order to the maximum extent possible and throughout the term of the Price Agreement. While working with the Bureau of Environmental Services, please coordinate with your personnel, subconsultants and other vendors to follow the social distancing and other requirements listed in the executive order. The Bureau of Environmental Services views the services provided by your firm as well as your subconsultants in support of our PTE Projects as critical to the on-going mission of the Bureau of Environmental Services.

If changes must occur to the scope of work, you must notify the Bureau of Environmental Services Project Manager immediately. The Bureau's Project Manager will work with the Bureau's Contract Administration Branch to complete any changes to the scope of work with an Amendment to the Price Agreement.

The Parties acknowledge and agree that this Price Agreement will be executed and performed during the COVID-19 pandemic. While Oregon is under a declaration of emergency associated with the COVID-19 pandemic, Consultant shall comply with all applicable requirements and guidance issued by federal, state and local authorities pertaining to COVID-19 (including but not limited to CDC, OSHA, Governor Brown, Oregon Health Authority, and Multnomah County Health Department). Travel

Travel must be directly attributed to a specific task that is located outside of a 100-mile radius of the Consultant's project office and generally not located within the Portland Metropolitan Service Area. Mileage reimbursement and related expenses due to local travel or travel required as a provision of the work (e.g., travel to and from work sites, to City properties, etc.) is denied under this section.

If authorized, Travel will be reimbursed as follows:

- **Transportation:**
 - Mileage – Only reimbursed if Consultant uses own or company owned vehicle. Reimbursement will only be made for travel to and from the location. Reimbursement will be at the U.S. General Services Administration (GSA) mileage rate in place at the time of travel. Any additional mileage or reimbursement is the responsibility of the Consultant.
 - Rental – Reimbursed at cost, Consultant must use the most cost-effective rental option and submit justification for any option above, "Economy."
 - Fuel – Reimbursed at cost, Consultant must use 'lowest grade' of fuel available. Only allowed if using a rental and not submitting a mileage reimbursement claim.
 - Commercial air or other transportation – Reimbursed at cost, Consultant must use the most cost-effective travel option. No reimbursement will be made for any non-commercial/non-coach travel unless approved by the City.
- **Lodging** – Reimbursed at cost, Consultant must make all effort to obtain lodging at or below the current GSA rate for the area in which they are staying. If unable to, justification must be included with reimbursement request.
- **Per Diem** – Reimbursed at the GSA rate for the day of travel, including first and last day modifications. Any Per Diem given to Consultant's staff above the GSA rate is the sole responsibility of the Consultant.

Rentals

If a Consultant requires specialty equipment that they do not own to complete a Task, they may request reimbursement. Reimbursements will be for the true cost of the equipment rental with no mark-up. Late fees, damage to the equipment, insurance, or other associated costs are the sole responsibility of the Consultant.

Reimbursement for Rentals is strictly at the City's discretion and must be identified on the Task Order prior to rental. Required Survey Equipment rentals are subject to a maximum reimbursement of \$155.00 per day.

Subconsultant Costs

Compensation for subconsultants shall be limited to the same restrictions imposed on the Consultant.

Adjustment of Labor Rates Due to Inflation

Annual adjustment of hourly rates will be considered upon written request from the Consultant. Approval of a request for rate increases is solely within the City's discretion and under no circumstances is the City obligated to approve such a request.

Rate increases are subject to the following limitations:

- No increases will be granted before July 1, 2022;
- No more than one increase shall be granted per Price Agreement year;
- Rate increases may not exceed the preceding calendar year's Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) West Region Class Size A average inflation rate (as determined from the U.S. Bureau of Labor Statistics);
- Rate increases shall not be retroactive.

Other than the impact of inflation as described above, hourly rates may not be increased.

Progress Payments

On or before the 15th of each month, the Consultant shall submit to the City's Project Manager an invoice for work performed by the Consultant during the preceding month. The invoice shall contain the City's Price Agreement Number and set out all items for payment including, but not limited to: the name of the individual, labor category, direct labor rate, hours worked during the period, and tasks performed. The Consultant shall also attach photocopies of claimed reimbursable expenses, if applicable. The Consultant shall stamp and approve all subconsultant invoices and note on the subconsultant invoice what they are approving as "billable" under the Price Agreement. The billing from the prime should clearly roll up labor and reimbursable costs for the prime and subconsultants – matching the subconsultant invoices. Prior to initial billing, the Consultant shall develop a billing format for approval by the City.

The City shall pay all amounts to which no dispute exists within 30 calendar days of receipt of the invoice. Payment of any bill, however, does not preclude the City from later determining that an error in payment was made and from withholding the disputed sum from the next progress payment until the dispute is resolved.

The Consultant shall make full payment to its subconsultants within 10 business days following receipt of any payment made by the City to Consultant.

ACH Payments

It is the City's policy to pay its Consultant invoices via electronic funds transfers through the automated clearing house (ACH) network. To initiate payment of invoices, Consultant shall execute the City's standard ACH Vendor Payment Authorization Agreement.

Upon verification of the data provided, the Payment Authorization Agreement will authorize the City to deposit payment for services rendered directly into Consultant accounts with financial institutions. All payments shall be in United States currency.

29. Subconsultants

The Consultant shall use the subconsultants identified in its proposals. The Consultant shall not change subconsultant's assignments without the prior written consent of the Chief Procurement Officer. The City will enforce all social equity Contracting

and Disadvantaged, Minority, Women and Emerging Small Business (D/M/W/ESB) sub-contracting commitments submitted by the Consultant in its proposals. Failure to use the identified D/M/W/ESB subconsultants without prior written consent is a material breach of contract.

For Price Agreements valued \$50,000 or more, the Consultant shall submit subconsultant payment and utilization information electronically, reporting ALL subconsultants employed in the performance of this agreement. More information on this process may be viewed on the City Procurement website at: <https://www.portlandoregon.gov/brfs/75932>. Contact the PTE Contract Compliance Specialist for submission guidelines.

Subconsultants are responsible for meeting all requirements applicable to the Consultant under this price agreement, including compliance with City policies and all applicable federal, state, and local laws and regulations.

30. Third Party Beneficiaries

There are no third party beneficiaries to this Price Agreement. Enforcement of this Price Agreement is reserved to the parties.

31. Conflict of Interest

Consultant hereby certifies that, if applicable, its Price Agreement proposal is made in good faith without fraud, collusion or connection of any kind with any other proposer of the same request for proposals or other City procurement solicitation(s), that the Consultant as a proposer has competed solely on its own behalf without connection or obligation to, any undisclosed person or firm. Consultant certifies that it is not a City official/employee or a business with which a City official/employee is associated, and that to the best of its knowledge, Consultant, its employee(s), its officer(s) or its director(s) is not a City official/employee or a relative of any City official/employee who: i) has responsibility in making decisions or ability to influence decision-making on the Price Agreement or project to which this Price Agreement pertains; ii) has or will participate in evaluation or management of the Price Agreement; or iii) has or will have financial benefits in the Price Agreement. Consultant understands that should it elect to employ any former City official/employee during the term of the Price Agreement then that the former City official/Consultant employee must comply with applicable government ethics and conflicts of interest provisions in ORS Chapter 244, including but not limited to ORS 244.040(5) and ORS 244.047, and the City's Charter, Codes and administrative rules, including lobbying prohibitions under Portland City Code Section 2.12.080.

32. Respectful Workplace Behavior

The City of Portland is committed to a respectful work environment, free of harassment, discrimination and retaliation and other inappropriate conduct. Every individual has a right to work in a professional atmosphere where all individuals are treated with respect and dignity. The City's HR Rule 2.02 covers all employees with the City of Portland as well as consultants, vendors or consultants who provide services to the City of Portland. By signing this Contract/Agreement, the Consultant indicates compliance with all terms and conditions contained in this Price Agreement including HR 2.02.

STATEMENT OF THE WORK AND PAYMENT SCHEDULE

BACKGROUND

The City of Portland, Bureau of Environmental Services (BES), periodically has a need for Professional Land Surveying services in relation to design and construction of sanitary and stormwater collection systems, treatment facilities, and watershed restoration projects. Projects requiring land surveys range from small -- e.g., limited pipe replacement -- to very large collection and treatment system upgrades. The areas to be surveyed will be similarly small to extensive.

The Consultant shall provide Land Surveying Services on an as-needed basis. These services generally include work with short deadlines, scopes that may need to be developed quickly, and/or providing expertise currently unavailable in-house. Task Orders will be issued to the Consultant under this Price Agreement as individual project needs are identified.

SCOPE OF WORK

SERVICE CATEGORY – Land Surveying

The Consultant will provide as-needed professional land surveying-related services, within potentially limited time frames, and will be expected to work closely with designated BES personnel. For each project, BES will provide the general scope of work and the Consultant will develop and negotiate the specific scope of work, budget, deliverables and schedule. Services will be requested as the need arises; therefore, there is no guarantee that work will be assigned under this Price Agreement or that the total not-to-exceed amount of this Price Agreement will be reached. The types of services include, but are not limited to, the following:

A. Land Surveying Services

- Researching survey records, deeds and easements

- Establishing an appropriate survey control network
- Delineating property boundaries and rights-of-way
- Surveying utilities and existing infrastructure
- Surveying trees, wetland delineations, and Ordinary Highwater Marks (flagged in the field)
- Developing site topographic maps per BES CAD standards
- Providing pre-construction stakeout, construction monitoring measurements and reports, and as-built construction surveys

When work will be conducted on private property, the Consultant is required to provide notice to the property owner(s).

TASK ORDERS

Work performed under this Price Agreement must be authorized via a written Task Order (sample attached as Exhibit A) signed by the City and the Consultant. The scope of work, schedule, deliverables, key personnel, subconsultants, compensation, and Disadvantaged, Minority, Women, Service-Disabled Veteran and Emerging Small Business (COBID Certified) Enterprises' utilization for each project or project phase will be defined in the Task Order prior to commencement of the work.

Following the execution of each Task Order, the City's Project Manager or delegate will work directly with the Consultant for the duration of the project unless otherwise noted on the Task Order.

Under no circumstance will an individual Task Order amount exceed \$250,000, including Task Order amendments, unless authorized by the Bureau Director or their designee.

Task Order COBID Certified Good Faith Efforts

Equity in the utilization of subcontractors is of paramount importance to BES for the work anticipated under this Price Agreement. In accordance with City Council's direction to provide for maximum use of certified COBID Certified firms, each negotiated Task Order shall include COBID Certified firms as subconsultants to the maximum extent possible, and all Task Orders will be negotiated with the intent to maximize utilization. Consultant shall be required to make good faith efforts to contract with COBID Certified subconsultants.

In the interest of achieving the most advantageous Task Order agreements, BES may engage multiple Consultants in parallel or serial Task Order negotiations. In the event BES and a Consultant cannot reach a favorable agreement for a specific Task Order, BES shall terminate negotiations and commence negotiations with the next Consultant. Continual difficulties in negotiating compensation caps or maximum COBID Certified utilization, or repeated unavailability or inability to perform Task Orders may result in the termination of this Price Agreement.

Task Order Compensation

Compensation for each Task Order will be determined through negotiation with the Consultant based on the scope of work, the hours the Consultant estimates for performance of the work, and the Consultant hourly rates, subject to a predetermined cap for the maximum compensation for the particular Task Order. If the work requires fewer hours than those estimated, the Consultant will be paid for the actual hours necessary to complete the Task Order. If the Consultant underestimates the number of hours that are required to perform and complete the scope of work, the negotiated maximum compensation for the Task Order shall be the cap of the compensation to be paid.

Task Order Change Requests

Compensation may only be adjusted via an executed Change Request amendment to the Task Order for documentable circumstances not reasonably foreseeable to either party at the time the Task Order was issued, or for changes to the scope of work or deliverables requested by BES.

Any change to the scope of work, schedule, deliverables, subconsultants, compensation, and COBID Certified utilization must be agreed upon by BES and the Consultant in writing as an executed Change Request amendment to the Task Order. Task Order amendments adding, removing or replacing subconsultants, require the Chief Procurement Officer's approval. Task Order amendments that increase the compensation by more than 25% of the original Task Order amount must be approved in writing by the Bureau Director or their designee.

DELIVERABLES

The Consultant must complete and provide Environmental Services' Project Manager the deliverables identified within each Task Order.

Deliverables shall be considered those tangible resulting work products that are to be delivered to the City such as reports, draft documents, data files, interim findings, schematics and drawings. Unless otherwise specified by the City, the Consultant shall prioritize submitting applicable deliverables electronically, and any paper-based deliverables shall be printed double-sided and in bindings or report covers that are fully recyclable, preferably using materials containing post-consumer waste recycled content. The Consultant is encouraged to provide any deliverables in accordance with the City's sustainable Paper Use Policy. The City's Policy can be found at: <https://www.portlandoregon.gov/brfs/37732>.

Deliverables and schedule for each project shall be negotiated and defined in the Task Order. If the Consultant uses subconsultants under a Task Order, a monthly subconsultant payment and utilization reporting shall be submitted electronically by the 15th of each month with the monthly invoice. (reference Part II, Section C.6 of the RFP).

All deliverables and resulting work products from this Price Agreement shall become the property of the City of Portland. As such, the City reserves the right to copy and distribute deliverables in any and all media formats pursuant to the needs of the City at the time. If for any reason the deliverables are composed of information that may be protected by copyright or contain information not otherwise able to be owned by the City, the Consultant and any subconsultants grant the City the right to copy and distribute the information contained in the deliverables at the sole discretion of the City of Portland.

WORK PERFORMED BY BUREAU OF ENVIRONMENTAL SERVICES

The City will assign a Program Manager to each task order to oversee the Consultant's work and provide support as needed. The City will review and approve work performed by the Consultant. Any specific duties the City will perform for each project shall be identified in the individual Task Orders.

SPECIAL PROVISIONS

The Consultant will make all arrangements to protect their workers, especially when the work occurs in the right-of-way or in any other potentially hazardous location. The Consultant will also obtain any required permits and permission from private property owners to access their property when warranted.

The Consultant will use the City's Heron (e-Builder) project management system for invoices, document management, deliverable transmittal, and review.

All AutoCAD deliverables shall adhere to BES AutoCAD policy listed at the following URL unless otherwise specified in a Task Order: <https://www.portlandoregon.gov/bes/77336>.

PROJECT REVIEW

Individual Task Orders will be developed by the Consultant's Project Manager and reviewed by the City's Project Manager. Specific oversight will be described in each Task Order.

PUBLIC SAFETY

Public safety may require limiting access to public work sites, public facilities, and public offices, sometimes without advance notice. The Consultant shall anticipate delays in such places. The Consultant's employees and agents shall carry sufficient identification to show by whom they are employed and display it upon request to security personnel. City Project Managers have discretion to require the Consultant's employees and agents to be escorted to and from any public office, facility or work site if national or local security appears to require it.

On March 23, 2020, Governor Brown issued Executive Order 20-12 requiring, among other things, the practice of social distancing, teleworking, the closure of certain businesses, and limitations on non-essential travel.
https://www.oregon.gov/gov/admin/Pages/eo_20-12.aspx

Currently, the Environment Services Professional, Technical and Expert (PTE) Service Projects continue in accordance with the Executive Order. This requires the Consultant to begin the work supported by this Price Agreement and continue PTE services uninterrupted while following the executive order to the maximum extent possible and throughout the term of the Price Agreement. While working with the Bureau of Environmental Services, please coordinate with your personnel, subconsultants and other vendors to follow the social distancing and other requirements listed in the executive order. The Bureau of Environmental Services views the services provided by your firm as well as your subconsultants in support of our PTE Projects as critical to the on-going mission of the Bureau of Environmental Services.

If changes must occur to the scope of work, you must notify the Bureau of Environmental Services Project Manager immediately. The Bureau's Project Manager will work with the Bureau's Contract Administration Branch to complete any changes to the scope of work with an Amendment to the Price Agreement.

The Parties acknowledge and agree that this Price Agreement will be executed and performed during the COVID-19 pandemic. While Oregon is under a declaration of emergency associated with the COVID-19 pandemic, Consultant shall comply with all applicable requirements and guidance issued by federal, state and local authorities pertaining to COVID-19 (including but not limited to CDC, OSHA, Governor Brown, Oregon Health Authority, and Multnomah County Health Department). The applicable guidance and requirements include, but are not limited to, those pertaining to Oregon phased reopening and sector activities, reduction in gathering sizes appropriate to the type of location and activity, complying and implementing health protocols, maintaining social distancing, and wearing face coverings. Consultant shall have a satisfactory safety plan and protocols addressing COVID-19 precautions related to Consultant's activities under this Price Agreement. Consultant shall monitor for updated guidance and requirements and update its plan and protocols accordingly. Consultant shall provide a copy of Consultant's safety plan and protocols to City upon City's

request. Consultant is solely responsible for implementing a COVID-19 safety plan and protocols and addressing any COVID-19 related claims pertaining to its activities and provision of Services under this Price Agreement. In the event that Consultant's employees or its subconsultant's employees exhibit symptoms of COVID-19 infection, Consultant shall follow City's contact tracing and response protocols, which will be provided to the Consultant.

For Contracts valued \$50,000 or more, the Consultant shall submit subconsultant payment and utilization information electronically, reporting ALL subconsultants employed in the performance of this agreement. More information on this process may be viewed on the City Procurement website at: <https://www.portlandoregon.gov/brfs/75932>. Contact the PTE Contract Compliance Specialist for submission guidelines.

COMPENSATION

The maximum that the Consultant can be paid on this Price Agreement is \$3,500,000 (hereafter the "not to exceed" amount.). The "not to exceed" amount includes all payments to be made pursuant to this Price Agreement, including reimbursable expenses, if any. Nothing in this Price Agreement requires the City to pay for work that does not meet the Standard of Care or other requirements of the Price Agreement. The actual amount to be paid Consultant may be less than that amount.

The Consultant is entitled to receive progress payments for its work pursuant to the Price Agreement as provided in more detail below. The City will pay Consultant based on these invoices for acceptable work performed and approved until the "not to exceed" amount is reached. Thereafter, Consultant must complete work based on the Price Agreement without additional compensation unless there is a change to the scope of work.

Any estimate of the hours necessary to perform the work is not binding on the City. The Consultant remains responsible if the estimate proves to be incorrect. Exceeding the number of estimated hours of work does not impose any liability on the City for additional payment.

If work is completed before the "not to exceed" amount is reached, the Consultant's compensation will be based on the Consultant's bills previously submitted for acceptable work performed and approved.

PAYMENT TERMS: Net 30 Days

Hourly Rates

The Consultant shall be compensated in accordance with the hourly rates set forth in Exhibit B of this Price Agreement. In no way shall the cost of hours billed by the Consultant exceed the total Price Agreement amount throughout the term of this Price Agreement.

The Consultant's rates listed are inclusive of the following: hourly billing rate mark-up (including but not limited to: fringe benefits, payroll bonuses, autos and other defined perquisites), telecommunications, facsimile services, overhead expenses (including but not limited to local and long distance telephone, parking, delivery/courier, required insurance coverage), advertising costs, postage, internal copying, lease of office equipment, information technology (including computer time and CAD services and other related highly specialized equipment), and profit.

The rates identified above shall remain constant throughout the term of the Price Agreement. The City will not be granting annual hourly rate increases based on the current State of Emergency and economic forecast resulting from COVID-19. This applies to any and all Price Agreements and Price Agreement Amendments and subconsultants rates; however, the Consultant may request an Hourly Rate increase prior to the City's new Fiscal Year for each year the Price Agreement is active. The request shall be made no later than May 15 of each calendar year for the City's following Fiscal Year. The City's Fiscal Year is from July 1 through June 30 of each year. This does not guarantee that the request will be approved. Any increases will be at the discretion of the City and based on the City's available budget. In no way shall the cost of hours billed by the Consultant exceed the total Price Agreement amount throughout the term of this Price Agreement. **Personal expenditures or expenditures not related to the Price Agreement are not eligible for reimbursement.**

Standard Reimbursable Costs

Consultant may request reimbursement for costs arising in addition to the normal day-to-day operation of the business, not associated with profit, and not utilizing equipment owned and operated by the Consultant.

Reimbursable costs are only allowed if identified in the Task Order and agreed to by the City's Project Manager.

The following costs may be reimbursed without mark-up:

Travel

Travel must be directly attributed to a specific task that is located outside of a 100-mile radius of the Consultant's project office and generally not located within the Portland Metropolitan Service Area. Mileage reimbursement and related expenses due to local travel or travel required as a provision of the work (e.g., travel to and from work sites, to City properties, etc.) is denied under this section.

If authorized, Travel will be reimbursed as follows:

- **Transportation:**
 - Mileage – Only reimbursed if Consultant uses own or company owned vehicle. Reimbursement will only be made for travel to and from the location. Reimbursement will be at the U.S. General Services Administration (GSA) mileage rate in place at the time of travel. Any additional mileage or reimbursement is the responsibility of the Consultant.
 - Rental – Reimbursed at cost, Consultant must use the most cost-effective rental option and submit justification for any option above, "Economy."
 - Fuel – Reimbursed at cost, Consultant must use 'lowest grade' of fuel available. Only allowed if using a rental and not submitting a mileage reimbursement claim.
 - Commercial air or other transportation – Reimbursed at cost, Consultant must use the most cost-effective travel option. No reimbursement will be made for any non-commercial/non-coach travel unless approved by the City.
- **Lodging** – Reimbursed at cost, Consultant must make all effort to obtain lodging at or below the current GSA rate for the area in which they are staying. If unable to, justification must be included with reimbursement request.
- **Per Diem** – Reimbursed at the GSA rate for the day of travel, including first and last day modifications. Any Per Diem given to Consultant's staff above the GSA rate is the sole responsibility of the Consultant.

Rentals

If a Consultant requires specialty equipment that they do not own to complete a Task, they may request reimbursement. Reimbursements will be for the true cost of the equipment rental with no mark-up. Late fees, damage to the equipment, insurance, or other associated costs are the sole responsibility of the Consultant.

Reimbursement for Rentals is strictly at the City's discretion and must be identified on the Task Order prior to rental. Required Survey Equipment rentals are subject to a maximum reimbursement of \$155.00 per day.

Subconsultant Costs

Compensation for subconsultants shall be limited to the same restrictions imposed on the Consultant.

Adjustment of Labor Rates Due to Inflation

Annual adjustment of hourly rates will be considered upon written request from the Consultant. Approval of a request for rate increases is solely within the City's discretion and under no circumstances is the City obligated to approve such a request.

Rate increases are subject to the following limitations:

- No increases will be granted before July 1, 2022;
- No more than one increase shall be granted per Price Agreement year;
- Rate increases may not exceed the preceding calendar year's Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) West Region Class Size A average inflation rate (as determined from the U.S. Bureau of Labor Statistics);
- Rate increases shall not be retroactive.

Other than the impact of inflation as described above, hourly rates may not be increased.

Progress Payments

On or before the 15th of each month, the Consultant shall submit to the City's Project Manager an invoice for work performed by the Consultant during the preceding month. The invoice shall contain the City's Price Agreement Number and set out all items for payment including, but not limited to: the name of the individual, labor category, direct labor rate, hours worked during the period, and tasks performed. The Consultant shall also attach photocopies of claimed reimbursable expenses, if applicable. The Consultant shall stamp and approve all subconsultant invoices and note on the subconsultant invoice what they are approving as "billable" under the Price Agreement. The billing from the prime should clearly roll up labor and reimbursable costs for the prime and subconsultants – matching the subconsultant invoices. Prior to initial billing, the Consultant shall develop a billing format for approval by the City.

The City shall pay all amounts for which no dispute exists within 30 calendar days of receipt of the invoice. Payment of any bill, however, does not preclude the City from later determining that an error in payment was made and from withholding the disputed sum from the next progress payment until the dispute is resolved.

The Consultant shall make full payment to its subconsultants within 10 business days following receipt of any payment made by the City to Consultant.

ACH Payments

It is the City's policy to pay its Consultant invoices via electronic funds transfers through the automated clearing house (ACH) network. To initiate payment of invoices, Consultant shall execute the City's standard ACH Vendor Payment Authorization Agreement.

Upon verification of the data provided, the Payment Authorization Agreement will authorize the City to deposit payment for services rendered directly into Consultant accounts with financial institutions. All payments shall be in United States currency.

STATEMENT OF THE WORK AND PAYMENT SCHEDULE

BACKGROUND

The City of Portland, Bureau of Environmental Services (BES), periodically has a need for Professional Land Surveying services in relation to design and construction of sanitary and stormwater collection systems, treatment facilities, and watershed restoration projects. Projects requiring land surveys range from small, e.g., limited pipe replacement, to very large collection and treatment system upgrades. The areas to be surveyed will be similarly small to extensive.

The Consultant shall provide Land Surveying Services on an as-needed basis. These services generally include work with short deadlines, scopes that may need to be developed quickly, and/or providing expertise currently unavailable in-house. Task Orders will be issued to the Consultant under this Price Agreement as individual project needs are identified.

SCOPE OF WORK

SERVICE CATEGORY – Land Surveying

The Consultant will provide as-needed professional land surveying-related services, within potentially limited time frames, and will be expected to work closely with designated BES personnel. For each project, BES will provide the general scope of work, and the Consultant will develop and negotiate the specific scope of work, budget, deliverables and schedule. Services will be requested as the need arises, therefore there is no guarantee that work will be assigned under this Price Agreement, or that the total not-to-exceed amount of this Price Agreement will be reached. The types of services include, but are not limited to, the following:

A. Land Surveying Services

- Researching survey records, deeds and easements
- Establishing an appropriate survey control network

- Delineating property boundaries and rights of way
- Surveying utilities and existing infrastructure
- Surveying trees, wetland delineations, and Ordinary Highwater Marks (flagged in the field)
- Developing site topographic maps per BES CAD standards
- Providing pre-construction stakeout, construction monitoring measurements and reports, and as-built construction surveys

When work will be conducted on private property, the Consultant is required to provide notice to the property owner(s).

TASK ORDERS

Work performed under this Price Agreement must be authorized via a written Task Order (sample attached as Exhibit A) signed by the City and the Consultant. The scope of work, schedule, deliverables, key personnel, subconsultants, compensation, and Disadvantaged, Minority, Women, Service-Disabled Veteran and Emerging Small Business (COBID Certified) Enterprises' utilization for each project or project phase will be defined in the Task Order prior to commencement of the work.

Following the execution of each Task Order, the City's Project Manager or delegate will work directly with the Consultant for the duration of the project unless otherwise noted on the Task Order.

Under no circumstance will an individual Task Order amount exceed \$250,000, including Task Order amendments, unless authorized by the Bureau Director or their designee.

Task Order COBID Certified Good Faith Efforts

Equity in the utilization of subcontractors is of paramount importance to BES for the work anticipated under this Price Agreement. In accordance with City Council's direction to provide for maximum use of certified COBID Certified firms, each negotiated Task Order shall include COBID Certified firms as subconsultants to the maximum extent possible, and all Task Orders will be negotiated with the intent to maximize utilization. Consultant shall be required to make good faith efforts to contract with COBID Certified subconsultants.

In the interest of achieving the most advantageous Task Order agreements, BES may engage multiple Consultants in parallel or serial Task Order negotiations. In the event BES and a Consultant cannot reach a favorable agreement for a specific Task Order, BES shall terminate negotiations and commence negotiations with the next Consultant. Continual difficulties in negotiating compensation caps or maximum COBID Certified utilization, or repeated unavailability or inability to perform Task Orders may result in the termination of this Price Agreement.

Task Order Compensation

Compensation for each Task Order will be determined through negotiation with the Consultant based on the scope of work, the hours the Consultant estimates for performance of the work, and the Consultant hourly rates, subject to a predetermined cap for the maximum compensation for the particular Task Order. If the work requires fewer hours than those estimated, the Consultant will be paid for the actual hours necessary to complete the Task Order. If the Consultant underestimates the number of hours that are required to perform and complete the scope of work, the negotiated maximum compensation for the Task Order shall be the cap of the compensation to be paid.

Task Order Change Requests

Compensation may only be adjusted via an executed Change Request amendment to the Task Order for documentable circumstances not reasonably foreseeable to either party at the time the Task Order was issued, or for changes to the scope of work or deliverables requested by BES.

Any change to the scope of work, schedule, deliverables, subconsultants, compensation, and COBID Certified utilization must be agreed upon by BES and the Consultant in writing as an executed Change Request amendment to the Task Order. Task Order amendments adding, removing or replacing subconsultants, require the Chief Procurement Officer's approval. Task Order amendments that increase the compensation by more than 25% of the original Task Order amount must be approved in writing by the Bureau Director or their designee.

DELIVERABLES

The Consultant must complete and provide Environmental Services' Project Manager the deliverables identified within each Task Order.

Deliverables shall be considered those tangible resulting work products that are to be delivered to the City such as reports, draft documents, data files, interim findings, schematics and drawings. Unless otherwise specified by the City, the Consultant shall prioritize submitting applicable deliverables electronically, and any paper-based deliverables shall be printed double-sided and in bindings or report covers that are fully recyclable, preferably using materials containing post-consumer waste recycled content. The Consultant is encouraged to provide any deliverables in accordance with the City's sustainable Paper Use Policy. The City's Policy can be found at: <https://www.portlandoregon.gov/brfs/37732>.

Deliverables and schedule for each project shall be negotiated and defined in the Task Order. If the Consultant uses subconsultants under a Task Order, a monthly subconsultant payment and utilization reporting shall be submitted electronically by the 15th of each month with the monthly invoice. (reference Part II, Section C.6 of the RFP).

All deliverables and resulting work products from this Price Agreement shall become the property of the City of Portland. As such, the City reserves the right to copy and distribute deliverables in any and all media formats pursuant to the needs of the City at the time. If for any reason the deliverables are composed of information that may be protected by copyright or contain information not otherwise able to be owned by the City, the Consultant and any subconsultants grant the City the right to copy and distribute the information contained in the deliverables at the sole discretion of the City of Portland.

WORK PERFORMED BY BUREAU OF ENVIRONMENTAL SERVICES

The City will assign a Program Manager to each task order to oversee the Consultant's work and provide support as needed. The City will review and approve work performed by the Consultant. Any specific duties the City will perform for each project shall be identified in the individual Task Orders.

SPECIAL PROVISIONS

The Consultant will make all arrangements to protect their workers, especially when the work occurs in the right-of-way or in any other potentially hazardous location. The Consultant will also obtain any required permits and permission from private property owners to access their property when warranted.

The Consultant will use the City's Heron (e-Builder) project management system for invoices, document management, deliverable transmittal, and review.

All AutoCAD deliverables shall adhere to BES AutoCAD policy listed at the following URL unless otherwise specified in a Task Order: <https://www.portlandoregon.gov/bes/77336>.

PROJECT REVIEW

Individual Task Orders will be developed by the Consultant's Project Manager and reviewed by the City's Project Manager. Specific oversight will be described in each Task Order.

PUBLIC SAFETY

Public safety may require limiting access to public work sites, public facilities, and public offices, sometimes without advance notice. The Consultant shall anticipate delays in such places. The Consultant's employees and agents shall carry sufficient identification to show by whom they are employed and display it upon request to security personnel. City Project Managers have discretion to require the Consultant's employees and agents to be escorted to and from any public office, facility or work site if national or local security appears to require it.

On March 23, 2020, Governor Brown issued Executive Order 20-12 requiring, among other things, the practice of social distancing, teleworking, the closure of certain businesses, and limitations on non-essential travel.
https://www.oregon.gov/admin/Pages/eo_20-12.aspx

Currently, the Environment Services Professional, Technical and Expert (PTE) Service Projects continue in accordance with the Executive Order. This requires the Consultant to begin the work supported by this Price Agreement and continue PTE services uninterrupted while following the executive order to the maximum extent possible and throughout the term of the Price Agreement. While working with the Bureau of Environmental Services, please coordinate with your personnel, subconsultants and other vendors to follow the social distancing and other requirements listed in the executive order. The Bureau of Environmental Services views the services provided by your firm as well as your subconsultants in support of our PTE Projects as critical to the on-going mission of the Bureau of Environmental Services.

If changes must occur to the scope of work, you must notify the Bureau of Environmental Services Project Manager immediately. The Bureau's Project Manager will work with the Bureau's Contract Administration Branch to complete any changes to the scope of work with an Amendment to the Price Agreement.

The Parties acknowledge and agree that this Price Agreement will be executed and performed during the COVID-19 pandemic. While Oregon is under a declaration of emergency associated with the COVID-19 pandemic, Consultant shall comply with all applicable requirements and guidance issued by federal, state and local authorities pertaining to COVID-19 (including but not limited to CDC, OSHA, Governor Brown, Oregon Health Authority, and Multnomah County Health Department). The "not to exceed" amount includes all payments to be made pursuant to this Price Agreement, including reimbursable expenses, if any. The Consultant's rates listed are inclusive of the following: hourly billing rate mark-up (including but not limited to: fringe benefits, payroll bonuses, autos and other defined perquisites), telecommunications, facsimile services, overhead expenses (including but not limited to local and long distance telephone, parking, delivery/courier, required insurance coverage), advertising costs, postage, internal copying, lease of office equipment, information technology (including computer time and CAD services and other related highly specialized equipment), and profit.

The rates identified above shall remain constant throughout the term of the Price Agreement. The City will not be granting annual hourly rate increases based on the current State of Emergency and economic forecast resulting from COVID-19. This applies to

any and all Price Agreements and Price Agreement Amendments and subconsultants rates; however, the Consultant may request an Hourly Rate increase prior to the City's new Fiscal Year for each year the Price Agreement is active. The request shall be made no later than May 15 of each calendar year for the City's following Fiscal Year. The City's Fiscal Year is from July 1 through June 30 of each year. This does not guarantee that the request will be approved. Any increases will be at the discretion of the City and based on the City's available budget. In no way shall the cost of hours billed by the Consultant exceed the total Price Agreement amount throughout the term of this Price Agreement. **Personal expenditures or expenditures not related to the Price Agreement are not eligible for reimbursement.**

Standard Reimbursable Costs

Consultant may request reimbursement for costs arising in addition to the normal day-to-day operation of the business, not associated with profit, and not utilizing equipment owned and operated by the Consultant.

Reimbursable costs are only allowed if identified in the Task Order and agreed to by the City's Project Manager.

The following costs may be reimbursed without mark-up:

Travel

Travel must be directly attributed to a specific task that is located outside of a 100-mile radius of the Consultant's project office and generally not located within the Portland Metropolitan Service Area. Mileage reimbursement and related expenses due to local travel or travel required as a provision of the work (e.g., travel to and from work sites, to City properties, etc.) is denied under this section.

If authorized, Travel will be reimbursed as follows:

- **Transportation:**
 - Mileage – Only reimbursed if Consultant uses own or company owned vehicle. Reimbursement will only be made for travel to and from the location. Reimbursement will be at the U.S. General Services Administration (GSA) rate in place at the time of travel. Any additional mileage or reimbursement is the responsibility of the Consultant.
 - Rental – Reimbursed at cost, Consultant must use the most cost-effective rental option and submit justification for any option above, "Economy."
 - Fuel – Reimbursed at cost, Consultant must use 'lowest grade' of fuel available. Only allowed if using a rental and not submitting a mileage reimbursement claim.
 - Commercial air or other transportation – Reimbursed at cost, Consultant must use the most cost-effective travel option. No reimbursement will be made for any non-commercial/non-coach travel unless approved by the City.
- **Lodging** – Reimbursed at cost, Consultant must make all effort to obtain lodging at or below the current GSA rate for the area in which they are staying. If unable to, justification must be included with reimbursement request.
- **Per Diem** – Reimbursed at the GSA rate for the day of travel, including first and last day modifications. Any Per Diem given to Consultant's staff above the GSA rate is the sole responsibility of the Consultant.

Rentals

If a Consultant requires specialty equipment that they do not own to complete a Task, they may request reimbursement. Reimbursements will be for the true cost of the equipment rental with no mark-up. Late fees, damage to the equipment, insurance, or other associated costs are the sole responsibility of the Consultant.

Reimbursement for Rentals is strictly at the City's discretion and must be identified on the Task Order prior to rental. Required Survey Equipment rentals are subject to a maximum reimbursement of \$155.00 per day.

Subconsultant Costs

Compensation for subconsultants shall be limited to the same restrictions imposed on the Consultant.

Adjustment of Labor Rates Due to Inflation

Annual adjustment of hourly rates will be considered upon written request from the Consultant. Approval of a request for rate increases is solely within the City's discretion and under no circumstances is the City obligated to approve such a request.

Rate increases are subject to the following limitations:

- No increases will be granted before July 1, 2022;
- No more than one increase shall be granted per Price Agreement year;
- Rate increases may not exceed the preceding calendar year's Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) West Region Class Size A average inflation rate (as determined from the U.S. Bureau of Labor Statistics);
- Rate increases shall not be retroactive.

Other than the impact of inflation as described above, hourly rates may not be increased.

Progress Payments

On or before the 15th of each month, the Consultant shall submit to the City's Project Manager an invoice for work performed by the Consultant during the preceding month. The invoice shall contain the City's Price Agreement Number and set out all items for payment including, but not limited to: the name of the individual, labor category, direct labor rate, hours worked during the period, and tasks performed. The Consultant shall also attach photocopies of claimed reimbursable expenses, if applicable. The Consultant shall stamp and approve all subconsultant invoices and note on the subconsultant invoice what they are approving as "billable" under the Price Agreement. The billing from the prime should clearly roll up labor and reimbursable costs for the prime and subconsultants – matching the subconsultant invoices. Prior to initial billing, the Consultant shall develop a billing format for approval by the City.

The City shall pay all amounts for which no dispute exists within 30 calendar days of receipt of the invoice. Payment of any bill, however, does not preclude the City from later determining that an error in payment was made and from withholding the disputed sum from the next progress payment until the dispute is resolved.

The Consultant shall make full payment to its subconsultants within 10 business days following receipt of any payment made by the City to Consultant.

ACH Payments

It is the City's policy to pay its Consultant invoices via electronic funds transfers through the automated clearing house (ACH) network. To initiate payment of invoices, Consultant shall execute the City's standard ACH Vendor Payment Authorization Agreement.

Upon verification of the data provided, the Payment Authorization Agreement will authorize the City to deposit payment for services rendered directly into Consultant accounts with financial institutions. All payments shall be in United States currency.
