2 Aug 1000

ORDINANCE NO. 150230

An Ordinance authorizing the Commissioner of Public Utilities and the Auditor to enter into an Agreement with CH2M-Hill, Inc., supplementing an earlier Agreement, and declaring an emergency.

The City of Portland ordains:

Section 1. The Council finds:

- 1. The City Council, by Ordinance No. 142699, authorized the Mayor and the Commissioner of Public Utilities to enter into an Agreement with CH2M-Hill, Inc. (Engineer), for professional services related to the Portland Hydroelectric Project. Said Agreement was entered into on November 12, 1976.
- 2. Article 2, paragraph 4, of said Agreement sets as the fee for Task 4 inspection services provided by the Engineer "the amount of the ENGINEER'S Salary Costs, as defined in ARTICLE 4, expended for the services, multiplied by a factor of 2.0 plus direct expenses in connection therewith".
- 3. The Engineer's original estimate as to the extent of Task 4 inspection services necessary is well below the actual level of inspection services that are necessary, resulting in substantially higher costs to the City.
- 4. The City and the Engineer desire to reduce said costs by modifying the consideration for providing Task 4 inspection services by limiting the number of inspection personnel whose services would be paid for pursuant to the multiplier clause of Article 2, paragraph 4 of the Agreement, and by limiting the amount of expenses chargeable to the City.
- 5. There is attached hereto, and made a part of this Ordinance as Exhibit "A", a Supplement to said Agreement which accomplishes the objectives stated above, and which the Council should authorize the Commissioner of Public Utilities and the Auditor to enter into.

NOW, THEREFORE, the Council directs:

a. The Commissioner of Public Utilities and the Auditor are hereby authorized to execute the Supplement to the original November 12, 1976 Agreement between the City and CH2M-Hill, Inc., attached as Exhibit "A" to this Ordinance.

ORDINANCE No.

Section 2. The Council declares that an emergency exists in order that the Supplement to the original November 12, 1976 Agreement between the City and CH2M-Hill be executed in a timely fashion; therefore, this Ordinance shall be in force and effect from and after its passage by the Council.
