Purpose of proposed legislation and background information:

Reappoint two PSC members for their second and final 4-year term (through May 31, 2025).

The Planning and Sustainability Commission (PSC) is composed of 11 volunteer members with expertise in a range of areas. These two serving Commission members have provided valuable input and contributions to the PSC since the start of their terms, and a second term for each is warranted for continuity to work coming before the PSC in the upcoming years.

Financial and budgetary impacts:

There are no financial or budgetary impacts.

Community impacts and community involvement:

The PSC has specific responsibility for the stewardship, development and maintenance of the City's Comprehensive Plan, Climate Action Plan and Zoning Code. By holding public hearings and discussing issues and proposals, the PSC develops recommendations to City Council in hopes of creating a more prosperous, educated, healthy and equitable city. Having a diversity of opinions is critical for the Commission to make thoughtful and informed recommendations.

The appointees went through an interview process with Mayor's and Commissioner Rubio's staff, as well as BPS leadership, in April-May 2021.
