

IMPACT STATEMENT

Legislation title: *Amend contract with TriMet for Design and Construction Management Services for the Portland-Milwaukie Light Rail Project (Ordinance; amend Contract No. 30001514)

Contact name: Teresa Boyle

Contact phone: 503.823.6197

Presenter name: Teresa Boyle

Purpose of proposed legislation and background information:

As is customary for all light rail project being constructed in the City of Portland, TriMet contracts with the City for staff services related to design, construction, and close-out phases of the project. The Intergovernmental Agreement (IGA) details provision of services by the City, compensation, betterments, relocations, project management, and TriMet obligations.

The Portland-Milwaukie Design and Construction Services IGA is being amended a seventh time to extend the completion date of the contract to June 30, 2022.

This is a routine business request to execute an amendment to an existing IGA. There are no known parties who would be interested in, or object to this action. It makes no changes to City policies.

Financial and budgetary impacts:

Amending the IGA will have no Financial and budgetary impacts. There are no changes to the agreement beyond the extended completion date.

Community impacts and community involvement:

Amending the IGA is a routine business activity between TriMet and the City, and public involvement specifically targeted to this activity is not warranted.

Budgetary Impact Worksheet**Does this action change appropriations?**

YES: Please complete the information below.
