Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

I want the design standards recommended by SMILE added to DOZA so there is a better community in Sellwood-Moreland. Currently the infill on my street is creating parking issues as well as a complete lack of cohesion in the feel of the neighborhood- not to mention the 4-story building that went in next door to me has taken any privacy from my backyard since they built a deck at fence height as well. thank you
