Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

I want the design standards recommended by SMILE added to DOZA so there is better building design in Sellwood-Moreland. The Sellwood Library building has design features we want to encourage. The library has a stepped-back design, a distinctive base/middle/top, chamfered corner entrance, and the windows are inset, symmetric and human scaled. The appeal of these design features are why I own my home in Sellwood.
