Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

Please extend the (m)-overlay to Arbor Lodge. As a small business owner in the neighborhood, walkability is paramount not only to increasing foot traffic to our business, but it is important for consumer accessing our services. As the neighborhood grows, it is important to have more mixed use spaces on the ground floor to improve walkability and investment in the community. It is a symbiotic relationship.
