Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

Planning and Sustainability Commissioners: On behalf of the Woodstock Neighborhood Association Land Use Committee, we are submitting the following comments on the DOZA Design Overlay Zoning Amendments dated November 2020, as well as those amendments related to the previous draft posted in September and February 2019. While we appreciate the effort and work product delivered by City of Portland DOZA Staffers, we are critical of the lack of public engagement and outreach to potentially impacted neighborhoods. Our Woodstock neighborhood is experiencing development pressures along a historic main street that would be well suited to adopted design guidelines/standards. Please carefully consider our testimony in the attached letter. Regards, Thatch Moyle WNA LUC Co-Chair
