Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

Having a sense of community and neighborhood services is important to me. This is achievable by increasing the services and community spaces within walking distance of our community. Arbor Lodge is significantly lacking in this realm and I would really like to see this improved in the coming years, especially as the construction for new housing projects increases. Please vote yes to include the proposed amendment for ground floor active use in Arbor Lodge! Thank you!
