Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

Portland needs all types of affordable housing to address our houseless crisis. I support DOZA and Amendment #4 which will allow more affordable housing projects to choose between Type II and Type III procedures. It will give developers more options and will expand eligible projects beyond City Subsidy projects. I also strongly oppose Amendment #5. Please listen to Portland Neighbors Welcome's voices and testimony as I feel they are knowledgeable and compassionate. Thank you.
