Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

Thank you for the opportunity to post a comment. I am supporting the suggested amendments, particularly: - Amendment 3 (Mapps) - Support Main Street Standards Amendment with modification to apply as optional everywhere in the D-Overlay; Require 4 points from this list in the M-Overlay. - Amendment 5 (Hardesty) - Support this recommended lower Design Review Threshold of 55' I would also like to request additional time for the public to share input. Thank you for your consideration. Ann Griffin Neighborhood planner Community Economic Development Professional
