Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

I support DOZA Amendments 3 and 5. I would like to see DOZA to support a diversity of architectural styles. Portland's diversity of cultures should be reflected in our building designs. Amendment 3 addresses this by adding Main Street design standards to DOZA. I also want to encourage construction of affordable housing. I appreciate that my neighborhood, Sellwood, is inhabited by people of diverse income levels. This is very important to me. To be inclusive in this manner, people of all income levels need to have their housing needs met. I support Amendment 5 because it incentivizes affordable housing and provides more opportunity for public participation. Thank you for this opportunity to testify on this very important matter.
