Testimony to **Portland City Council** on the **Design Overlay Zone Amendments, Recommended Draft**

I am long time resident of Se Hawthorne. I own a small professional business on Hawthorne. As past vice chairman of REACH and having majored in community development at U C Davis I am well versed in housing and community issues. I wish to encourage the City in adopting or making available the proposed amendment 3 Main Street standards to the entire City. Thanks to Mingus we have an opportunity to involve all citizens in designing their city.
