Sarah - That would be great, thank you!

Tyler is meeting with your GC today at the former Apple Auto Glass space kitty-corner from 550 to see if that might work for them to establish as their office during construction.

Thank you so much Bruce! This reminds me that I should send over to you the full design review package. It is large, so I am going to ask my architect to send you a link to the sharefile so you can download it.

Subject: 550 SE MLK Project - September 30th Design Review Meeting

Good morning, Megan - I would like to voice my ardent approval of the plans being submitted by GBD Architects for the 7-story UDP apartment project at 550 SE MLK.

My company has been the longtime owner of the parcel on which this be built.

We have been working with UDP for several years to help them create a wonderful, new addition to the neighborhood.....and, I am of the opinion that this latest iteration of the project accomplishes just that.

Thank you,

Bruce Burns
