Re: Downtown Clean & Safe Renewal

Dear Mayor and Councilors,

As the owner and operator of retail business in the heart of Downtown Portland I ask that you consider my support for the renewal of the Downtown Clean and Safe program. Fuel Yoga Workouts has operated inside the enhanced service district nearly 5 years, I have personal experience with the benefits of the program and hope to see that it is renewed. The services Downtown Clean and Safe offer inside the enhanced services district are necessary and unmatched by any other offerings available. As a business owner, we rely on these services to maintain a safe and prosperous downtown for everyone. DC&S relentlessly cleans up the neighborhood, de-escalates confrontational and potentially dangerous scenarios and provides support to some of the most vulnerable in our community. On multiple occasions DC&S has provided these services to my business and provided it with professionalism, care, and compassion. To thrive, the downtown community needs these services to continue. As someone who witness this program daily, I ask that you hear my voice and listens to the needs of your community. Please renew the Downtown Clean & Safe program inside the enhanced service district.

Sincerely,

A handwritten signature in black ink that reads "Kai Krenek". The signature is fluid and cursive, with the first name "Kai" and last name "Krenek" clearly distinguishable.

Kai Krenek
