Subject: 8/17/21 Meeting for Clean&Safe Contract Renewal—written testimony

NO ONE KNOWS THE STREETS LIKE CLEAN & SAFE.

I am a volunteer from Pearl District(non-esd area)Livability & Safety Committee for the last 5 years. I am our area's Trash Queen, Foot Patrol Leader, Clean Team volunteer and most recently observer of Clean & Safe in the North Park Blocks area(B'way through 9th). I've also volunteered with Downtown Neighborhood Assoc. Help Team, OldTown clean-up efforts and deep dive SOLVE events.

I've observed that, even with Pearl's 60 or so volunteers for livability issues, it doesn't touch what Clean & Safe/Clean Start, offers to the safety/cleanliness of neighborhoods, & compassionate caring for those living on the streets. In today's world of growing houseless populations and resulting trash and behavioral issues, the wholistic approach that Clean & Safe offers, helps bring together a better result for all, be it businesses, residents, visitors, or street dwellers. No one else, even a combo of city/county/metro operations, can touch Clean & Safe's years of boots on the ground experience. My hope for the future: Clean&Safe in all of the Pearl.
