THE BUREAU OF  
**PLANNING &  
SUSTAINABILITY**

## Mission

BPS takes action to shape the future of Portland and advance climate justice for a more **equitable, healthy, prosperous,** and **resilient** city.

# BPS Vision

We envision a city where all Portlanders experience healthier connected communities: neighborhood amenities and access to transportation options, improved air quality, stable climate, less reliance on fossil fuels, a healthier natural and built environment that is resilient to the quick advancing impacts of climate change, and effective and affordable services to reuse, recycle, and reduce waste.

# Values

- Racial justice
- Community centered
- Resilient systems
- Innovation
- Credibility
- Outcome driven
- Service excellence

# 3-Year Outcomes

## Equity

Example outcomes and strategies incorporate our work with priority communities and reducing disparities throughout the city:

- Cleaner air.
- Access to safe, convenient garbage and recycling services.
- Safeguards for the transparency, accessibility, and use of data.

## Health

Example outcomes and strategies include:

- More East Portlanders have safe and easy access to healthy, connected communities.
- Decreased carbon emissions from buildings, transportation, and industry, and from production of building materials and manufactured goods.
- Use zoning and planning tools to achieve greater health equities, community safety, and age-friendly city.

# Prosperity

Example outcomes and strategies include

- Develop more, varied and climate-friendly housing types in connected centers and neighborhoods, allowing priority populations to stay rooted in their community.
- Portland emerges as a leader in clean materials/clean industry development, integrating circular economy and decarbonization practices into operations.
- PCEF supports workforce development in the green economy, prioritizing BIPOC communities.

## Resilience

Example outcomes and strategies include:

- All Portlanders have access to nature in their neighborhood for recreation and to improve physical and mental health, in part by increasing tree canopy in East Portland.
- Fish and wildlife have access to safe and functional natural systems for food, nesting, and migration.
- Strengthen local community resilience to prepare for wildfire smoke and extreme heat days.
- PCEF invests \$250M in carbon reductions to advance racial and social justice, benefiting and building resilience for priority communities.
