1. On February 13th, 2020, the Portland City Council adopted Resolution #37481 adopting the recommendations contained within the Rose Lane Project Report.
2. The Rose Lane Project Report contains a list of transit speed and reliability pilot projects and recommends expedited deployment of these projects and other similar transit spot improvements on priority transit corridors.
3. The Tri-County Metropolitan Transportation District of Oregon (TriMet) recently received funding for transit priority improvements from the Statewide Transportation Improvement Fund (STIF) program, which appropriates funds to finance investments and improvements in public transportation services.

NOW, THEREFORE, the Council directs:

- A. The Commissioner-in-Charge is hereby authorized to accept on behalf of the City of Portland a grant from the Tri-County Metropolitan Transportation District of Oregon for design and construction of capital improvements to improve transit speed and reliability in the amount of up to \$348,000.
