

ORDINANCE NO. 151653

An Ordinance prescribing the rates and charges for water and water-related services by the City of Portland during the fiscal year beginning July 1, 1981, and ending June 30, 1982, and fixing an effective date.

The City of Portland ordains:

Section 1. The Council finds:

1. Pursuant to Section 11-105 of the City Charter, this Council has determined the revenue requirements necessary to equal the probable cost of operation, maintenance, capital expenditures, depreciation and debt service of the Bureau of Water Works for the fiscal year beginning July 1, 1981, and ending June 30, 1982.
2. The Commissioner-in-charge of the Bureau of Water Works recommends the rates and charges prescribed herein be adopted in order to meet the Bureau of Water Works' revenue requirements for the fiscal year beginning July 1, 1981, and ending June 30, 1982.
3. This ordinance has been approved by the office of the City Attorney.

NOW, THEREFORE, the Council directs:

- a. The following rates and charges are prescribed for use of water and water-related services during the fiscal year beginning July 1, 1981, and ending June 30, 1982.

1. SYSTEM DEVELOPMENT CHARGE

- (a) A System Development Charge shall be levied for each new water service connecting to the City water system inside the City boundaries. The charge will be according to the size of the service and will be payable at the time of application for service as follows:

<u>Size of Service</u>	<u>Charge</u>
3/4"	\$ 150.00
1"	375.00
1½"	750.00
2"	1,200.00
3"	2,625.00
4"	4,500.00
6"	9,750.00
8"	18,750.00
10"	30,000.00
12" and larger	43,500.00

- (b) New water service connections solely for fire protection purposes shall be exempt from payment of the System Development Charge.

- (c) In the event a service has been removed within thirty-six (36) months prior to a new connection, the person desiring a larger connection shall pay a System Development Charge only on the difference in charges between the size of the service requested and the size of the previous connection. No System Development Charge or credit for a previously paid System Development Charge will apply when a smaller connection is requested.

2. SERVICE CHARGE

- (a) A monthly service charge shall be levied on water services connected directly to the City system. The service charge shall be in addition to the rates charged for water used and charged according to the size of the meter or unmetered service as follows:

<u>Size of Meter/Service</u>	<u>Monthly Service Charge</u>	<u>Quarterly Service Charge</u>
5/8" & 3/4"	\$ 1.50	\$ 4.50
1"	2.05	6.15
1 1/4" & 1 1/2"	3.80	11.40
2"	5.50	16.50
3"	10.00	30.00
4"	14.50	43.50
6"	23.00	69.00
8"	39.00	117.00
10"	57.00	171.00
12" and larger	91.00	273.00

- (b) The service charge shall apply to any unused water service when the owner, other city, water district or water company desires the service to be retained for future use. Failure to pay the charge within sixty (60) days of the bill for the charge shall be sufficient cause for the service to be disconnected from the main. The Manager of the Bureau of Water Works may direct a waiver of the charge because of a special need to retain the service when the public health or welfare or the convenience of the Bureau is served.

3. COMMODITY RATE

For water used through metered services, the charge per 100 cubic feet shall be as follows:

- (a) Inside City Boundaries \$0.35

- (b) Outside City Boundaries

- (1) Other distributors (other cities, water districts or water companies purchasing water for resale)

Service Area 1. connections to supply conduits	\$0.26
Service Area 2. connections to gravity transmission system	\$0.44
Service Area 3. connections to pumped transmission system	\$0.59
Service Area 4. connections to gravity distribution system	\$0.75

Geographic descriptions of the above service areas shall be maintained on file at the Bureau of Water Works.

- (2) Served directly by the City that are not other distributors. \$0.75

- (c) Water will be furnished at Inside City Boundaries Commodity Rates to a continuous building having 50% of the area of the building located within the City boundaries. All other structures, buildings, shops, dwellings and/or sprinkling systems wholly outside the City boundaries, shall be supplied by separate services and meters, and shall be charged the Outside City Boundaries Commodity Rate. The separate meters and services shall be furnished and installed at the expense of the owner of the premises.

4. OTHER WATER USAGE

The minimum charge for use of fire hydrants or unmetered services shall be \$22.50 for the first day and \$8.00 per day for each day thereafter. For supplying water from fire hydrants the charges shall be as follows:

- | | |
|--|---------|
| (a) To fill tanks - first 5,000 gallons | \$22.50 |
| Each additional 1,000 gallons or fraction thereof | 0.47 |
| (b) To settle earth - per 100 cubic yards or fraction thereof | 8.00 |
| (c) To fill private swimming pools: | |
| Service Charge (includes equipment and operator) | 56.50 |
| Plus for each 100 cubic feet of water or fraction thereof | .35 |
| (d) Circus, per day | 22.50 |
| In addition, the cost of attendant(s) and equipment shall be charged for as provided in Section 5.48.030 of the City Code. | |
| (e) For purposes not otherwise specified: | |
| First hour | 22.50 |
| Each additional hour | 8.00 |
| (f) Use of a hydrant valve and/or wrench, per day | 2.50 |
| (g) Use of fire hydrant without permit, each occurrence | 56.50 |

In addition, the water used, minimums and service charge shall be charged at triple the regular rates.

- (h) The Bureau of Water Works may require a deposit for hydrant use permits. The deposit may be applied to the cost of water, the service charges and/or the cost of equipment furnished by the Bureau of Water Works.
- (i) When there are extraordinary circumstances, the Manager of the Bureau of Water Works may adjust rates for using fire hydrants.

5. SERVICES FOR FIRE PROTECTION

- (a) Services used exclusively for fire protection shall be charged according to the size of the meter or service connection per month as follows:

<u>Size of Meter/Service</u>	<u>Metered</u>	<u>Unmetered</u>
2" or less	\$ 5.50	\$ 11.00
3"	10.00	20.00
4"	14.50	29.00
6"	23.00	46.00
8"	39.00	78.00
10"	57.00	114.00
12" and larger	91.00	182.00

The above charges shall be payable (monthly or quarterly) as billed. The quarterly rate shall be three (3) times the monthly rate.

- (b) Water registered on metered firelines, or estimated on unmetered firelines, and used for testing the lines shall be charged for at the commodity rates prescribed in subsection 3.
- (c) Unauthorized use of fire protection services shall be subject to the provisions of Section 21.12.210 of the City Code.

6. STANDBY OR EMERGENCY SUPPLY CONNECTIONS

Distributors (other cities, water districts or water companies purchasing water for resale) having a water supply other than that furnished by the City of Portland and desiring a standby or emergency supply from the City of Portland shall be charged on the basis of a contract specific to that distributor.

7. PAY STATIONS

Pay stations authorized by City Code Section 21.16.100 shall be compensated at the rate of \$0.35 for each bill collected.

8. OTHER SERVICE CHARGES AND PENALTIES

The following service charges and penalties shall be made by the Bureau of Water Works and may be added to the water bill.
