Subject: public opinion statement about Fall Bump support for increased mental health and increased police
Date: Saturday, November 6, 2021 10:31:12 AM

The proposed plan by Commissioner Mapps looks really good! I now also have increased garbage and biohazard garbage around my house due to people living in their cars and illegal activity involving drugs. Carr alarms going off all night. I have reported all this to reportpdx.com. This means it is unsafe for kids. I have lost way too much sleep worried about my personal safety and that of my children. I am a single mom of two children of color.

I appreciate Commissioner Mapp's plan as much as the increased taxes hurt.
