Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

This seems like a band-aid solution, it's a good start, but does not address the issue of Garbage left on public streets everywhere. Sewer and garbage is a major Portland problem. Camping on existing public right of ways and sidewalks is not addressed. It's another Major health and environmental concern. An international travel blogger visited Portland in late Feb. 2021 and reported on Portland: Not a good view from a once beautiful City . . . Please review his Video at your hearing.
