Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I'm a new Portlander, which I know may discount my perspective in some people's eyes, but one of the reasons I chose to make Portland my home is because of things like S2HC. I'm proud to now live in a place that takes real action to expand housing options and to support the houseless members of our community. I hope Portland will continue proving to be a compassionate and national leader by passing S2HC.
