Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am writing in favor of the passing of the following measures in order to help TO REDUCE Portland's HOMELESS CRISIS. · Pass the recommended zoning changes in S2HC and consider additional amendments that will add tools and flexibility to our unhoused community. · Renew the Housing Emergency Declaration due to expire this April. · Remove restrictions on tiny houses on wheels and RVs that are currently in Title 29. · View the zoning code as a moral document that reflects our faith values of lifting up the poor and improving the quality of life for our most vulnerable citizens.
