Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I ask that you please adopt the Shelter to Housing Continuum Project. We need to get creative to solve the complex housing issues we face in Portland and S2HC is a great step forward. I ask that you please also extend the housing emergency until the pandemic is cleared. There are going to be unexpected effects as the pandemic winds down and we need to keep the housing emergency in place so that we don't end up with unexpected negative outcomes. Please also allow sanctioned Outdoor Shelters in appropriate, approved sites in Open Space zones and in the right-of-way. Thanks so much for your time!
