Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I am not in favor of temporary shelters in our Parks. It's my understanding that adequate land is available without using park land. I've been a Wilkes City Park volunteer for the past two years. With all the newly constructed and much needed apartment buildings, condos, and townhomes on the east side of the city our Parks are more important than ever. They're backyards to many.
