Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I'm a concerned mother living in SE Portland. My home is my safe haven even though we have been broken into, have had to defend our property from theft on multiple occasions, I love my quiet street. This new purposed ordinance would amplify the homeless shelters in my area. We have a crisis but this is not the way to go about it. Here are my concerns that I would like to see addressed.

- 1) Revised map showing equitable distribution of potential shelter spaces in ALL portland communities. Even if SE has more potential spaces, they should be removed from the map until a balance of ALL communities is shown.
- 2) No permanent changes to the codes at this time. Let Title 15 expire so that random camping is no longer allowed and extend a new emergency declaration to allow these new codes to be enacted temporarily under the new emergency time frame (no longer than one year).
- 3) An enforcement plan must be delineated and be expressly coupled to this action so that as new managed shelters are established, random camps are shut down, removed, cleaned up and then monitored so they can not reestablish.
- 4) a detailed description of what the management plan is for each site and who ,specifically, is responsible for it's implementation and results needs to be published before any vote is taken.

Thank you for your time, and I hope to enjoy living in my quiet SE street for some time.
