Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I highly disapprove of this plan, and there are many alternatives that will make Portland proud of how we helped to solve this nagging problem with a humane and reasonable solution. This problem is multi-faceted, and will take folks with vision, compassion, and common sense to solve. We can do this, but this plan does not fully address all of the parameters of the problem, and yields a short sighted solution! We Can Do Better!
