Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I strongly oppose the cities Shelter to Housing Continuum Project if the goal is to allow city camping in our parks. There is already a major problem with homeless people using these spaces for unintended reasons and if allowed, it will only exacerbate the cities problem. We don't need more garbage and drug use in areas were our children play. Please reconsider this proposal. Signed, concerned tax paying citizen.
