Testimony to **Portland City Council** on the **Shelter to Housing Continuum Project, Recommended Draft**

I live on a lot with a large front yard. I would be open to hosting an RV or tiny house in order to help with the current homeless crisis. I support S2HC and the following amendments - waiving conditional use land fees or sewer hookup fees, and increasing access to dumping sites and/or a pumping service. I believe Portlanders would open their hearts if there was a safe and legal way to do so. Let's make it easier for us all to step up.
